### Criminal Punishment Code Task Force Subcommittee Recommendations

#### Non-Prison Sanctions

**NPS-4:** A) Establish or expand adult prearrest diversion programs in each judicial circuit that incorporate evidence-based interventions and treatment services.

B) Outline a broad set of guidelines within the statutes based on standards set by the Steering Committee on Problem Solving Courts and approved by the Florida Supreme Court. These guidelines will act as a roadmap for State Attorneys, courts, and other important justice stakeholders to follow when developing problem solving courts in their respective circuits.

#### Scoresheets

**Scoresheets (SS)-1:** Resolved that an Enhancement in Part IX should not be used if the enhancement is identical to an element of the Primary Offense of conviction. Instead, the Offense Level for each offense that involves an element identical to any Enhancement should be increased to reflect the failure to apply the multiplier, so this change does not reduce the total number of points a defendant would receive.

**SS-2:** Resolved that, in Part V of the Scoresheet concerning Legal Status Violations, the Escape and Failure to Appear enhancements should be eliminated. The Offense Level for each offense that involves Escape or Failure to Appear as an element should be addressed to reflect the failure to add these points. This change does not reduce the total number of points a defendant who commits these offenses would receive.

**SS-3:** Resolved that Victim Injury Point Adjustments in Part III should not be applied to any offense for which the basis for the adjustment is identical to an element. Instead, the Offense Level for each offense that involves an element identical to any Victim Injury Point Adjustment should be adjusted to reflect the failure to apply the adjustment. This change does not reduce the total number of points a

defendant would receive. Pursuant this recommendation, the Victim Injury Enhancements for Second-Degree Murder, Death, Severe Injury, Sexual Penetration, and Sexual Contact would be deleted. The Victim Injury Enhancements for Moderate Injury and Slight Injury would be retained.

**SS-4:**-This recommendation has been withdrawn by the subcommittee after further discussion.

**SS-5:** State Attorneys shall ensure that score sheets are completed accurately, with all legally required enhancements, multipliers, and other adjustments consistently applied. The Task Force recommends that the Florida Supreme Court require the use of an electronic, computer-based scoresheet program that has been developed by the Department of Corrections, or another materially identical or superior program, that automatically populates points and applies enhancements, multipliers, and other adjustments. The Attorney General should also compile a "best practices" guide to assist State Attorneys in implementing a uniform sentencing system."

**SS-6:** The subcommittee reviewed the following caselaw regarding downward departures. The subcommittee had an opportunity to suggest to the Legislature the codification of current caselaw or to take no action, leaving interpretation to the courts.

\* Issues 1, 5-10 were voted on at the previous task force meeting.

## **ISSUE #2**

In light of the Florida Supreme Court's holding in *State v. Rife*, 789 So.2d 288 (Fla. 2001) should section 921.0026(2)(f) be amended to reflect the holding in *Rife*?

Amend section 921.0026(2)(f) to state he victim, including a minor, was the initiator, willing participant, aggressor, or provoker of the incident

or

should section 921.0026(2)(f) be amended to expressly prohibit the trial court from imposing a downward departure pursuant to section 921.0026(2)(f) if the victim is a minor?

*The subcommittee considered the caselaw and concluded to take no action.*

## **ISSUE #3**

Should section 921.0026(2)(e) be amended to require evidence of the following:

- the nature of the victim's loss, including the impact of the crime on the victim;
- the effectiveness of restitution, including the defendant's ability to pay restitution and the impact of the restitution plan on the victim; and
- the consequences of imprisonment?

*The subcommittee considered the caselaw and concluded to take no action.*

**ISSUE #4**

Is it ever possible for DUI manslaughter to be committed in an unsophisticated manner when it is not a sophisticated crime? See *State v. Warner*, 721 So.2d 767 (Fla. 4th DCA 1998), *State v. VanBebber*, 805 So.2d 918 (Fla. 2d DCA 2001), and *State v. VanBebber*, 848 So.2d 1046 (Fla. 2003).

*The subcommittee considered the caselaw and concluded to take no action.*

**SS -7a: Increasing the number of offense levels**

Resolved that the Legislature should increase the number of offense levels used to determine the number of points assigned to each offense. The Criminal Punishment Code currently classifies offenses into ten (10) different offense levels. More offense levels are necessary to ensure the accurate classification of offenses based on severity of the consequences each entails, the amount of money or quantities of goods or illicit substances involved, vulnerability of the victims, risk to public safety, and other relevant considerations. The number of offense levels should be increased to sixteen (16), along with four (4) additional enhanced offense levels to reflect the elimination of many sentencing enhancements and multipliers. Points should be attributed to each offense level as follows:

**Current System**

**SS-7b:** Increasing the number of felony degrees

Resolved that the Legislature should increase the number of felony degrees into which crimes are sorted, so that the maximum statutorily authorized penalty is more specifically and accurately calibrated to the severity of the consequences each offense entails, the amount of money or quantities of goods or illicit substances involved, vulnerability of the victims, risk to public safety, and other relevant considerations.

Resolved that the Legislature should increase the number of felony degrees into which crimes are sorted, so that the maximum statutorily authorized penalty is more specifically and accurately calibrated to the severity of the consequences each offense entails, the amount of money or quantities of goods or illicit substances involved, vulnerability of the victims, risk to public safety, and other relevant considerations.

Existing Felony Degree	Maximum Sentence (years)		New Felony Degree	Maximum Sentence (years)
Third	5 years in prison, 5 years probation \$5,000 fine	→	Fifth	3 years in prison, 3 years probation, \$3,000 fine
Second	15 years in prison, 15 years probation, \$10,000 fine	→	Fourth	6 years in prison, 6 years probation \$6,000 fine
First	30 years in prison, 30 years probation, \$10,000 fine	→	Third	14 years in prison, 14 years probation, \$14,000 fine
Life	Life without parole, or imprisonment followed by lifetime probation \$15,000 fine	→	Second	20 years in prison, 20 years probation, \$20,000 fine
Capital	Death or life without parole		First	30 years in prison, 30 years probation \$30,000 fine
			Life	Life without parole \$40,000 fine
			Capital	Death or life without parole

**SS-7c:** Recategorize offenses based on offense level

Resolved that certain offenses have been assigned inappropriate offense levels, because those offense levels are either disproportionately harsh or unreasonably lenient in light of the magnitude and severity of the harm and risks the offenses cause. Offense levels for certain offenses should be increased or decreased, as appropriate, to more accurately reflect the gravity of those offenses and the harm they cause. In adjusting offense levels, offenses in which the statute includes additional aggravating factors or circumstances should be assigned a higher offense level than the ‘base’ offense that does not involve such aggravating factors.

**SS-8:** Move Prior Serious Felony points to Prior Records Points

Resolved that additional points should not be added for a Serious Felony in Part VIII. Instead, the Prior Record points in Part IV for offenses that qualify as serious felonies for Prior Release Reoffenders (“PRR”) should be increased to reflect the failure to apply this adjustment.

Under the current offense level system, these adjustments should be made as follows:

<b>Offense Level</b>	<b>Current Prior Record Points in Part IV</b>	<b>Revised Prior Record Points in Part IV for Prior Release Reoffenders to Offset Eliminating Part VIII</b>
8	19	37 ( <i>i.e.</i> , add 18 points to current adjustment)
9	23	47 ( <i>i.e.</i> , add 24 points to current adjustment)
10	29	59 ( <i>i.e.</i> , add 30 points to current adjustment)

The amount of the enhancement for Serious Felonies would generally be less under this proposal, but a defendant would be receiving it for **each prior serious felony**, potentially receiving a greater total number of points as a result.

Part IV of the Scoresheet should be adjusted as follows:

(Level =Points: M=0.2, 1=0.5, 2=0.8, 3=1.6, 4=2.4, 5=3.6, 6=9, 7=14, 8=19, 9=23, 10=29)

(For Prior Release Reoffenders, Level = Points: 8=37, 9=47, 10=59)

## Scoresheets Subcommittee Final Report

The Scoresheet Subcommittee has carefully reviewed the number of points associated with each ranked criminal offense in the Florida Criminal Code. It adopted a variety of resolutions seeking to ensure that offenses are ranked fairly. Consistent with those resolutions, it has prepared four spreadsheets and an accompanying report for the Task Force's consideration. The first spreadsheet presents Offense Level rankings as they exist today, with offenses grouped into ten Offense Levels and three main Felony Degrees.

The second spreadsheet presents a suggested recategorization of offenses, working within the current framework. It is an attempt to make the scoring system fairer and more coherent. The Subcommittee was concerned that some offenses were ranked too severely, given the nature of the harm they inflicted, the risk to public safety they presented, and moral considerations. The Offense Levels for other offenses, in contrast, were too low, inadequately reflecting the severity of the crime and inadequately promoting public safety. Still, other offenses were ranked inconsistently with each other. For example, crimes involving aggravating factors were assigned to the same offense level as the underlying "base" offense. Some crimes reflecting substantially differing levels of turpitude were sometimes grouped together, as well.

The third spreadsheet takes these proposed reforms a step further. The Subcommittee concluded that ten Offense Levels was insufficient to properly categorize the sheer number of crimes under Florida law. State law recognizes such a wide range of diverse offenses that sixteen (16) Offense Levels were necessary to properly categorize them. By adding additional Offense Levels, the Legislature would be able to ensure that offenders receive sentences more appropriately calibrated to their crimes. In addition, distinctions can be made between offenses to a greater degree, enhancing the system's legitimacy.

The fourth spreadsheet reflects the Subcommittee's final recommendation: In addition to establishing a total of 16 Offense Levels, the Subcommittee also recommends expanding the number of Felony Degrees from three (3) to five (5). Increasing the number of Offense Levels deals with only half the problem. It ensures the number of points a defendant receives is more closely tailored to the nature of their crime, but that only establishes the lower bound of the sentencing range. Increasing the number of Felony Degrees to 5 affords greater flexibility in establishing upper bounds for defendants' sentences, as well. One of the main goals of the Subcommittee was ensuring greater consistency between similarly situated defendants, and minimizing opportunities for prosecutorial error, subjective judicial disparities, or even racial bias. Increasing both the number of offense levels as well as the number of felony degrees allows a more appropriate sentencing range to be imposed for each offense, taking into account both the lower and upper permissible bounds of the sentence.

Finally, in order to simplify the scoresheet, eliminate disparities among similarly situated defendants, and reduce opportunities for prosecutorial or judicial error, the Subcommittee has

adopted several resolutions recommending eliminating certain enhancements and multipliers. Defendants who commit offenses that would have been subject to those enhancements and multipliers, however, should not have their point totals substantially reduced as a result. Instead, the Subcommittee recommends that, where an enhancement or multiplier reflects an element of an offense (such as Escape or Death), the offense level and corresponding point total for that offense should be increased. Raising the number of points for such offenses will offset the elimination of those enhancements. To achieve this goal, it is necessary to add four additional "enhanced" offense levels -- levels 17 through 20 -- to the proposed chart. The Subcommittee has prepared a report that identifies: (i) the enhancements and multipliers that can be eliminated; (ii) the offenses that contained elements that would have automatically triggered those enhancements and multipliers; and (iii) the offense level to which those offenses must be recharacterized to offset failure to apply those enhancements. All of these recommendations stem from the same underlying goals: ensuring that sentences are properly calibrated to offenses, promoting consistent treatment of similarly situated defendants regardless of race or wealth, and eliminating unnecessary opportunities for unfair or arbitrary disparities, discretion, or error.

876.32	1st	Treason against the state.

This second spreadsheet presents a suggested recategorization of offenses, working within the current framework. It is an attempt to make the scoring system fairer and more coherent. The Subcommittee was concerned that some offenses were ranked too severely, given the nature of the harm they inflicted, the risk to public safety they presented, and moral considerations. The Offense Levels for other offenses, in contrast, were too low, inadequately reflecting the severity of the crime and inadequately promoting public safety. Still, other offenses were ranked inconsistently with each other. For example, crimes involving aggravating factors were assigned to the same offense level as the underlying "base" offense. Some crimes reflecting substantially differing levels of turpitude were sometimes grouped together, as well.

**NOTE: some statutes will have to be amended to reflect new minimums on theft (i.e. \$300->\$750)**

DEGREE TO BE ENHANCED	e.g. from 3rd degree felony to 2nd
DEGREE TO BE REDUCED	e.g. from 2nd degree felony to 3rd
OFFENSE SEVERITY TO BE INCREASED	e.g. from Level 1 to Level 2
OFFENSE SEVERITY TO BE REDUCED	e.g. from Level 2 to Level 1
AMOUNT IN CONSIDERATION TO BE ADJUSTED	e.g. worthless check from \$150 to \$300
SUBSECTION TO BE ADDED	e.g. adding enhanced level for presence of minors in DI

Summary of Offense Severity Ranking Spreadsheet #3  
(OFSRS #3)

The Subcommittee concluded that ten (10) Offense Levels was insufficient to properly categorize the sheer number of crimes under Florida law. State law recognizes such a wide range of diverse offenses that sixteen (16) Offense Levels were necessary to properly categorize them. By adding additional Offense Levels, the Legislature would be able to ensure that offenders receive sentences more appropriately calibrated to their crimes. In addition, distinctions can be made between offenses to a greater degree, enhancing the system's legitimacy.

## Summary of Offense Severity Ranking Spreadsheet #4 (OFSRS #4)

This fourth spreadsheet reflects the Subcommittee's final recommendation: in addition to establishing a total of 16 Offense Levels, the Subcommittee also recommends expanding the number of Felony Degrees from three to five. Increasing the number of Offense Levels deals with only half the problem. It ensures the number of points a defendant receives is more closely tailored to the nature of their crime, but that only establishes the lower bound of the sentencing range. Increasing the number of Felony Degrees to 5 affords greater flexibility in establishing upper bounds for defendants' sentences, as well. One of the main goals of the Subcommittee was ensuring greater consistency between similarly situated defendants, and minimizing opportunities for prosecutorial error, subjective judicial disparities, or even racial bias. Increasing both the number of offense levels as well as the number of felony degrees allows a more appropriate sentencing range to be imposed for each offense, taking into account both the lower and upper permissible bounds of the sentence.

## SCORESHEET ENHANCEMENTS AND MULTIPLIERS

This document reflects changes that would have to be made to the offense levels for various offenses in order to:

- (i) eliminate certain enhancements and multipliers from the scoresheet, while
- (ii) ensuring that defendants who commit such acts receive approximately the same number of points as they would have scored as a result of those enhancements and multipliers.

**Current System**

## **PART III OF SCORESHEET: VICTIM INJURY ENHANCEMENTS**

**RECOMMENDATION 1(a):** Remove the *Second-Degree Murder*, *Death*, *Severe Injury*, *Sexual Penetration*, and *Sexual Contact* enhancements in Part III from the scoresheet. Offense levels for the offenses to which these enhancements apply should then be increased in the accompanying chart to offset elimination of these enhancements.

**RECOMMENDATION 1(b):** Retain the *Moderate Injury* (18 points) and *Slight Injury* (4 points) Enhancements, since they do not constitute elements of any offenses.

### **Second Degree Murder (240 points)**

- Fla. Stat. 782.04(2) – *Unlawful killing of human; act is homicide; unpremeditated* (level 16, #1)  
Currently Level 10 out of 10 (116 points) + 240-point enhancement = 356 points  
Current version of suggested chart: Level 16 out of 16 (124 points)  
Necessary new ranking: Level 20 out of 20 (360 points)

### **Death (120 points)**

[This offense would not be adjusted to reflect the death enhancement: Fla. Stat. 784.05(3) *storing firearm where minor uses to inflict injury/death* (level 5, #22)]

- Fla. Stat. 782.04(4) – *Killing of human without design while engaged in certain felonies* (level 9, #7)  
Currently level 8 out of 10 (74 points) + 120-point enhancement = 194 points  
Current version of suggested chart: Level 9 out of 16 (52 points)  
Necessary new ranking: Level 18 out of 20 (180 points)
- Fla. Stat. 402.319(2) – *Misrepresentation and negligence or intentional act resulting in death* (level 12, #1)

## **PART V OF SCORESHEET: LEGAL STATUS VIOLATIONS**

**RECOMMENDATION 2(a)**: Remove the *Escape* and *Failure to Appear* enhancements from the scoresheet. Offense levels for the offenses to which these enhancements apply should then be increased to offset failure to apply the enhancements.

### **Escape (4-point enhancement)**

- Fla. Stat. 985.721 – *Escapes from a juvenile facility: secure detention or residential commitment facility* (level 4, #41)  
Currently: Level 3 out of 10 (16 points) + 4 points = 20 points  
Current version of suggested chart: Level 4 out of 16 (16 points)  
Necessary new ranking: Level 5 out of 20 (22 points)
- Fla. Stat. 944.40 – *Escape* (level 7, #56)  
Currently: Level 6 out of 10 (36 points) + 4 points = 40 points  
Current version of suggested chart: Level 7 out of 16 (36 points)  
Necessary new ranking: Level 8 out of 20 (46 points)

### **Failure to appear (4-point enhancement)**

- Fla. Stat. 843.15(1)(a) – *Failure to appear while on bail for felony* (level 5, #37)  
Currently: Level 4 out of 10 (22 points) + 4 points = 26 points  
Current version of suggested chart: Level 5 out of 16 (22 points)  
Necessary new ranking: Level 6 out of 16 (28 points)

**RECOMMENDATION 2(b):** Retain the *Incarceration* enhancement, but apply it only when it is not included as an element of the offense of conviction. The offense levels of crimes where this enhancement is included as an element have already been increased in the accompanying chart to offset failure to apply it.

**Incarceration (4-point enhancement)**

Necessary new ranking: Level 15 out of 20 (108 points) (taking into account 40-point severe injury enhancement, as well)

**RECOMMENDATION 2(c):** Retain the *Fleeing* (4 points), *Supersedeas Bond* (4 points), *Pretrial Intervention or Diversion Program* (4 points), and *Community Supervision* (4 points) enhancements on the scoresheet.

**PART VII OF SCORESHEET: FIREARM/SEMI-AUTOMATIC OR MACHINE GUN**

**RECOMMENDATION 3:** Retain the *Firearm/Semi-Automatic or Machine Gun* (18 or 25 points) enhancement

**PART VIII OF SCORESHEET: PRIOR SERIOUS FELONY**

**RECOMMENDATION 4:** Delete the *Prior Serious Felony* enhancement and replace with alternate charts as described in Resolution #9.

## **PART IX OF SCORESHEET – ENHANCEMENTS**

**RECOMMENDATION 5(a)** – Remove the *Drug Trafficking*, *Motor Vehicle Theft*, *Domestic Violence in Presence of Related Child*, and *Adult-on-Minor Sex Offenses* enhancements from the scoresheet. Offense levels for the offenses to which these enhancements applied have been increased to offset failure to apply the enhancements.

## CRIMINAL PUNISHMENT CODE TASK FORCE Non-Prison Subcommittee Final Subcommittee Report

### Proposed Recommendation #4:

- A) Establish or expand adult prearrest diversion programs in each judicial circuit that incorporate evidence-based interventions and treatment services.
- B) Outline a broad set of guidelines within the statutes based on standards set by the Steering Committee on Problem Solving Courts and approved by the Florida Supreme Court. These guidelines will act as a roadmap for State Attorneys, courts, and other important justice stakeholders to follow when developing problem solving courts in their respective circuits.

---

*NPS-3: Amend Florida Statutes regarding diversion to mandate funding for diversion courts: Florida Statute 397.334 (Drug Court), Florida Statute 394.47892 (Mental Health Court), Florida Statute 394.47891 (Veterans Court), and Florida Statute 948.16 (Misdemeanor mental health/drug/veterans court programs). Create an oversight office of all diversion programs in the state for consistency. Oversight office to consult with subject matter experts for best practices. Recommend Legislature allocate appropriate sufficient recurring funds for implementation and operation of all the statutory diversion programs.*

After further discussion, proposed recommendation evolved into what is now proposed recommendation #4 for the following reasons:

- a) The subcommittee felt that the oversight offered by the guidelines and standards set by the Steering Committee on Problem Solving Courts was adequate and addresses the need for consistency.
- b) Funding is tied to the adherence to the standards and guidelines set by the steering committee.
- c) In the interest of consistency but with respect to the different needs of each circuit, the subcommittee would recommend guiding but not limiting language available within the statutes.
- d) Such language would promote continued education of State Attorneys and justice stakeholders and make for successful programs.
- e) To truly strengthen the state's efforts at reducing criminal justice system involvement and incarceration rates, it is important to address both prearrest diversion and post-arrest problem solving courts.

*NPS-2: Give county jails/jailers statutory authority to release pretrial detainee inmates accused of eligible non-violent/non-sexual crimes on conditional medical release. The Florida Department of Corrections is permitted, pursuant to section 947.149, Fla. Stat., to establish a conditional medical release program and release pretrial detainee inmates who meet certain criteria.*

After additional consideration, the subcommittee noted that this would be a significant political lift for the sheriffs and voted to discontinue further discussion of this recommendation.

*NPS-1: Allow law enforcement to issue notices to appear for Non-Violent, Non-Sexual Third-Degree Felonies.*

After further discussion, the subcommittee decided that this proposal does not fall within the scope of the task force.

## Introduction

Mental health courts are part of a broader nationwide problem-solving courts movement that began when Miami-Dade County established the first Adult Drug Court in 1989. The first mental health court in the country was also established in Florida when Broward County formed a mental health court in 1997. While numerous other problem-solving courts have since been established in Florida and around the country (for example, veterans treatment courts and DUI courts), the vast majority of the studies have been focused exclusively on drug courts. As such, the Florida Adult Drug Court Best Practice Standards, promulgated by the Supreme Court of Florida in 2017, remain the most robust model for other Florida problem-solving courts, even though those standards have not yet been studied against a mental health court population. Such studies would be necessary in order to determine more conclusively which practices produce the best outcomes for this population, such that those practices could be truly deemed evidence-based.

With that caveat in mind, this document was created to offer a meaningful set of guidelines, fidelity to which will ensure that Florida mental health courts provide the best possible outcomes for the persons they serve. The two main starting points for this work have been the Florida Adult Drug Court Best Practice Standards (2017), and the Council of State Governments Justice Center for the Bureau of Justice Assistance (2007). This document has been reviewed by subject matter experts from around the state and nation, and their guidance has been incorporated. As is noted in the introduction to the Florida Adult Drug Court Best Practice Standards, as further research on these matters is conducted, it is likely that these guidelines will be adjusted to reflect the findings therein. In the meantime, it is intended that these guidelines will assist mental health courts in Florida with adhering to a common set of practices, each of which is aimed at producing the best possible outcomes for the population being served.

The primary goal of a mental health court is to identify and divert from the traditional criminal justice system eligible individuals with mental disorders and co-occurring substance use disorders. These individuals enter the mental health court by voluntarily accepting a judicially supervised, community-based treatment plan that is specifically tailored to their needs. Compliance with treatment and supervision terms is monitored by a multidisciplinary team made up of stakeholders from both the justice system and the treatment provider. The court maintains a specialized docket and holds regular confidential staffings with the team members, and regular status hearings with the participants. The terms for successful completion of the program are clearly defined and explained to the participant prior to his or her entry into the program.

A defining feature of mental health courts is the highly individualized nature of the treatment and supervision plans for each participant. If the target population is properly identified, it is likely that capabilities and characteristics of each participant will vary widely. As such, the mental health court team is charged with crafting its responses to each participant, both positive and negative in nature, with due consideration to the unique circumstances of that participant. When appropriate, the team should consult the treatment professionals (and others with relevant expertise) for assistance in ascertaining a participant's capabilities for complying with their treatment and supervision requirements.

## 1. Target Population

Eligibility criteria address public safety and consider a community's treatment capacity, in addition to the availability, of alternatives to pretrial detention for defendants with mental illnesses. Eligibility criteria also take into account the relationship between mental illness and a defendant's offenses, while allowing the individual circumstances of each case to be considered (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).

### A. Eligibility and Exclusion Criteria

1. Criteria should be clearly defined and developed to reflect the individual treatment capacity of a community (Supreme Court of the State of Florida, 2017).
2. Participants are identified, referred, and accepted into mental health courts, and then linked to community-based service providers as quickly as possible (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).
3. Terms of participation are clear, promote public safety, facilitate the defendant's engagement in treatment, are individualized to the level of risk that defendant represents to the community, and provide for positive legal outcomes for those individuals who successfully complete the program (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).
4. Defendants fully understand the program requirements before agreeing to participate in a mental health court. They are provided legal counsel to inform this decision and subsequent decisions about program involvement. Procedures exist in the mental health court to address, in a timely fashion, concerns about a defendant's competency whenever they arise (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).
5. Health and legal information should be shared in a way that protects potential participant's confidentiality rights as mental health consumers and their constitutional rights as defendants. Information gathered as part of the participant's court-ordered treatment program or services should be safeguarded in the event that participants are returned to traditional court processing (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).

### B. Risk and Need

1. As the court can only serve a small portion of defendants with mental illnesses the mental health court should focus on those with serious mental illness coupled with a higher risk of rearrest.

### C. Validated Eligibility Assessments

1. Mental Health Courts must use validated risk and assessment tools (Supreme Court of the State of Florida, 2017).
2. Evaluators are trained and proficient in the administration and interpretation of the risk, screening, and assessment tools (Supreme Court of the State of Florida, 2017).

#### **D. Criminal History Disqualifications**

1. Current or prior offenses may disqualify potential participants from participation if evidence demonstrates participants cannot be managed safely or effectively (Supreme Court of the State of Florida, 2017).
2. Barring legal prohibitions, potential participants charged with drug dealing or those with violent histories are not automatically excluded (Supreme Court of the State of Florida, 2017).

#### **E. Clinical Disqualifications**

1. If adequate treatment is available potential participants are not disqualified from participation because of co-occurring substance use disorders, medical conditions, or use of legally prescribed psychotropic or addiction medication (Supreme Court of the State of Florida, 2017).

## 2. Disadvantaged Groups

Individuals from groups who have experienced discrimination of reduced opportunities because of their race, ethnicity, gender, sexual orientation, sexual identity, physical or mental disability, religion, or socioeconomic status receive the same opportunities as others to participate and succeed in the mental health court (Supreme Court of the State of Florida, 2017).

### A. Equivalent Access

1. Eligibility criteria for the mental health court are nondiscriminatory in intent and impact (Supreme Court of the State of Florida, 2017).
2. Mental health courts must monitor and make adjustments if an eligibility requirement has the effect of restricting access for members of a disadvantaged group (Supreme Court of the State of Florida, 2017).

### B. Equivalent Retention

1. The mental health court regularly monitors whether members of disadvantaged groups complete the program at equivalent rates to other participants (Supreme Court of the State of Florida, 2017).
2. If completion rates are significantly lower for members of a disadvantaged group, the multidisciplinary mental health court team should remediate the disparity (Supreme Court of the State of Florida, 2017).

### C. Equivalent Treatment

1. Members of disadvantaged groups receive the same levels of care and quality of treatment as other participants with comparable clinical needs (Supreme Court of the State of Florida, 2017).
2. The mental health court administers evidence-based treatments that are effective for use with members of disadvantaged groups represented in the mental health court population (Supreme Court of the State of Florida, 2017).

### D. Equivalent Incentives and Sanctions

1. Members of disadvantaged groups receive the same incentives and sanctions as other participants for comparable achievements or infractions, except when they may cause harm or injury to participant's physical or mental health (Supreme Court of the State of Florida, 2017).
2. The mental health court regularly monitors the delivery of incentives and sanctions to ensure they are administered equivalently to all participants (Supreme Court of the State of Florida, 2017).

### E. Equivalent Dispositions

1. Members of disadvantaged groups receive the same legal dispositions as other participants for completing or failing to complete the mental health court program (Supreme Court of the State of Florida, 2017).

### F. Team Training

1. Multidisciplinary mental health court team members shall attend training on recognizing implicit cultural biases, understanding unique needs, and correcting disparate impacts for members of the disadvantaged groups (Supreme Court of the State of Florida, 2017).

### 3. Roles and Responsibilities of the Judge

The mental health court judge is up-to-date on current law best practices in mental health courts, participates regularly in team meetings, interacts frequently and respectfully with participants, and gives due consideration to the input of other team members (Supreme Court of the State of Florida, 2017).

#### A. Professional Training

1. The mental health court judge attends training on legal and constitutional issues in mental health courts, judicial ethics, evidence-based substance use and mental health treatment, behavior modification techniques (i.e. incentives and sanctions), community supervision, and other advances in the mental health court field (Supreme Court of the State of Florida, 2017).

#### B. Length of Term

1. The judge presides over the mental health court for no less than two consecutive years to maintain the continuity of the program and ensure use of current mental health court policies, procedures, and best practices (Supreme Court of the State of Florida, 2017).

#### C. Consistent Docket

1. Participants appear before the same judge throughout their participation in mental health court (Supreme Court of the State of Florida, 2017).

#### D. Participation in Pre-Court Staff Meetings

1. The judge regularly attends pre-court staff meetings during which each participant's progress is reviewed and potential consequences for performance are discussed by the mental health court team (Supreme Court of the State of Florida, 2017).

#### E. Frequency of Status Hearings

1. Participants appear before the judge for status hearings at least every two weeks during the first phase of the program (Supreme Court of the State of Florida, 2017).
2. The frequency of status hearings may be reduced gradually after participants have achieved satisfactory progress and are routinely engaged in treatment (Supreme Court of the State of Florida, 2017).
3. Status hearings are scheduled every four weeks until participants are in the last phase of the program (Supreme Court of the State of Florida, 2017).

#### F. Length of Court Interactions

1. Status hearings shall be conducted individually with each participant (Supreme Court of the State of Florida, 2017).
2. Evidence suggests that judges should spend at least three minutes interacting with each participant in court (Supreme Court of the State of Florida, 2017).

#### G. Judicial Demeanor

1. The judge offers supportive comments to participants, stresses the importance of their commitment to treatment and recovery, and motivates them to successfully attain their goals (Supreme Court of the State of Florida, 2017).
2. The judge treats each participant with dignity and respect (Supreme Court of the State of Florida, 2017).

3. The judge is responsible for maintaining a safe therapeutic environment, giving due consideration to the unique circumstances of each individual participant.
4. The judge allows participants a reasonable opportunity to explain their perspectives concerning factual controversies and imposition of sanctions, incentives, and therapeutic adjustments (Supreme Court of the State of Florida, 2017).

#### H. Judicial Decision Making

1. The judge makes all final determinations and decisions concerning the imposition of incentives and sanctions (Supreme Court of the State of Florida, 2017).
2. The judge makes all decisions after considering input from multi-disciplinary mental health court team members, the participant, and defense counsel (Supreme Court of the State of Florida, 2017).
3. The judge considers the input of trained treatment professionals when imposing treatment-related conditions (Supreme Court of the State of Florida, 2017).

## 4. Incentives, Sanctions and Therapeutic Adjustments

Consequences for participants' behavior are predictable, fair, consistent, and administered in accordance with evidence-based principles of effective behavioral modification (Supreme Court of the State of Florida, 2017). The mental health court team takes into consideration the unique circumstances of the participant and their mental disorders when crafting incentives and sanctions. Thus, incentives and sanctions used should be individualized to the participant.

### A. Advance Notice

1. Mental health court participants are provided with written policies and procedures concerning incentives, sanctions, and treatment interventions before program admission (Supreme Court of the State of Florida, 2017).
2. The policies and procedures provide a clear indication of which behaviors may elicit an incentive, sanction, or therapeutic adjustment; the range of consequences that may be imposed for those behaviors; the criteria for phase advancement, graduation, and termination from the program; and the legal and collateral consequences that may ensue from graduation and termination (Supreme Court of the State of Florida, 2017).
3. The multi-disciplinary mental health court team reserves a reasonable degree of discretion to modify a presumptive consequence in light of circumstances (Supreme Court of the State of Florida, 2017).

### B. Opportunity to be Heard

1. Participants are afforded an opportunity to explain their perspective before the imposition of a consequence or therapeutic adjustment (Supreme Court of the State of Florida, 2017).
2. If a participant has difficulty expressing him or herself because of such factors as a language barrier, nervousness, or cognitive limitation, the judge should allow the participant's attorney or legal representative to assist in providing explanations (Supreme Court of the State of Florida, 2017).
3. Participants receive a clear explanation for the imposition or withholding of a particular consequence (Supreme Court of the State of Florida, 2017).

### C. Equivalent Consequences

1. Participants receive consequences that are equivalent to those received by other participants in the same phase of the program who are engaged in comparable conduct (Supreme Court of the State of Florida, 2017).
2. Unless necessary to protect the individual from harm, consequences shall be imposed without regard to gender, race, ethnicity, nationality, socioeconomic status, or sexual orientation (Supreme Court of the State of Florida, 2017).

### D. Progressive Sanctions

1. A mental health court shall have a formal protocol of sanctions, including a protocol for reporting non-compliance, established in writing and included in the courts policies and procedures (Supreme Court of the State of Florida, 2017).
2. A mental health court should avoid sanctions that risk impairing the participant's therapeutic progress. In considering and crafting a sanction, care should be taken by the team to consider all relevant input from persons with knowledge of the participant's conduct and circumstances, and from mental health professionals as to therapeutic goals and consequences thereto.

3. For distal goals, the sanctions should progressively increase in severity of successive infractions. For proximal goals, a more severe sanction should be imposed (Supreme Court of the State of Florida, 2017).
4. Therapeutic responses should be exhausted prior to the imposition of incarceration.
5. There shall be finite time periods for sanctions, including those sanctions involving incarceration or detention (Supreme Court of the State of Florida, 2017).
6. All reasonable steps should be taken to ensure that all relevant medical information is provided from the team to the jail, and from the jail to the team, in the event of an incarceration.
7. Incarceration and detention should be considered as a last option (Supreme Court of the State of Florida, 2017)

#### E. Licit Addictive or Intoxicating Substances

1. Consequences are imposed for the non-medically indicated use of intoxicating or addictive substances including, but not limited to, alcohol, cannabis (marijuana), and medications, regardless of the illicit nature of the substance (Supreme Court of the State of Florida, 2017).
2. The multi-disciplinary mental health court team relies on expert medical input to determine whether a prescription for an addictive or intoxicating medication is medically necessary and whether alternatives are available.

#### F. Therapeutic Adjustments

1. Non-adherence to conditions of the program is common but should never be ignored (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007). The first response to non-adherence should be to review treatment plans and other service needs (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).
2. Participants do not receive punitive sanctions if they are otherwise compliant with their treatment and supervision requirements but are not responding to treatment interventions. Reassessment and adjustment of treatment plans may be required (Supreme Court of the State of Florida, 2017).
3. Adjustments to treatment plans are based on the recommendations of trained treatment professionals (Supreme Court of the State of Florida, 2017).

#### G. Incentivizing Productivity

1. The mental health court places as much emphasis on incentives for productive behavior and program compliance as it does on sanctioning non-productive behaviors and program non-compliance (Supreme Court of the State of Florida, 2017).
2. Mental health courts should provide a diverse array of incentives to encourage recovery-oriented behaviors, such as abstinence, treatment attendance, and employment (Supreme Court of the State of Florida, 2017).
3. For distal goals, the incentives should be meaningful to the individual and represent the efforts made to achieve that goal (Supreme Court of the State of Florida, 2017).
4. For proximal goals, incentives should be tailored to individual participants and may be used both in and out of the courtroom (Supreme Court of the State of Florida, 2017).
5. The mental health court provides new participants with written examples of behaviors that lead to possible incentives that may be awarded (Supreme Court of the State of Florida, 2017).

## H. Phase Promotion

1. Phase promotion is predicated on the achievement of realistic and defined behavioral goals (Supreme Court of the State of Florida, 2017).
2. Criteria for phase advancement and graduation include objective evidence that participants are engaged in productive activities; such as employment, education, or attendance in peer support groups (Supreme Court of the State of Florida, 2017).
3. As participants advance through the stages of the program, sanctions for infractions may increase in magnitude, reward for achievements may decrease, and supervision services may be reduced (Supreme Court of the State of Florida, 2017).
4. Treatment is reduced only if it is clinically determined that such reduction is unlikely to cause a relapse (Supreme Court of the State of Florida, 2017).
5. The frequency of drug and alcohol testing, if applicable, is not reduced until clinically appropriate (Supreme Court of the State of Florida, 2017).
6. The team should develop a remedial plan for any participant that relapses or is inappropriate for transition to another level (Supreme Court of the State of Florida, 2017).

## I. Jail Sanctions

1. Jail sanctions are judiciously imposed when either (1) the safety of the public or the participant demands it, or (2) all lesser sanctions have been attempted or at least considered, and have been deemed by the team to be unlikely to correct the behavior at issue. Jail sanctions are finite in durations and should not last more than three to five days (Supreme Court of the State of Florida, 2017).
2. Mental health courts should be slow to impose jail sanctions at all times, particularly when doing so would impair the participant's progress with therapeutic goals.
3. Participants are afforded access to counsel and a fair hearing (Supreme Court of the State of Florida, 2017).
4. Generally, periods of incarcerations in excess of five days have little therapeutic benefit, should be avoided, and may be detrimental to a participant's progress (Supreme Court of the State of Florida, 2017).

## J. Terminations

1. Participants who are terminated from the mental health court receive a sentence disposition for the underlying offense that brought them into mental health court (Supreme Court of the State of Florida, 2017).
2. Participants are informed in advance of the circumstances under which they may receive an augmented sentence for failing to complete the mental health court program (Supreme Court of the State of Florida, 2017).
3. Participants may be terminated from mental health court if they are no longer safely manageable in the community or repeatedly fail to comply with treatment or supervision requirements (Supreme Court of the State of Florida, 2017).
4. Participants are not automatically terminated from the mental health court for continued symptoms of mental illness unless they are non-compliant or unresponsive to available treatment alternatives (Supreme Court of the State of Florida, 2017).

5. If a participant is terminated from the mental health court because adequate treatment is not available, the participant should not receive an augmented sentence or disposition (Supreme Court of the State of Florida, 2017).

#### **K. Graduation**

1. Graduates may avoid a criminal record and/or incarceration and receive a reduced sentence or disposition (Supreme Court of the State of Florida, 2017).
2. Graduates may receive alternative dispositions, including a dismissal of their charges or early termination of their probation (Supreme Court of the State of Florida, 2017).

## 5. Mental Health Treatment

Participants receive mental health treatment based on a standardized assessment of their treatment needs. Mental health treatment is not provided to reward desired behaviors, punish infractions, or serve other non-clinically indicated goals. Treatment providers are trained and supervised to deliver a continuum of evidence-based intervention (Supreme Court of the State of Florida, 2017).

### A. Continuum of Care

1. The mental health court offers mental health treatment including all treatment services available in the local continuum of care.
2. Standardized placement criteria govern the level of care provided (Supreme Court of the State of Florida, 2017).
3. Adjustments to the level of care are predicated on each participant's response to treatment and are not tied to the mental health courts programmatic phase structure (Supreme Court of the State of Florida, 2017).
4. Participants do not receive punitive sanctions or an augmented sentence if they fail to respond to a level of care that is substantially below or above their assessed treatment needs (Supreme Court of the State of Florida, 2017).

### B. Placement in Custody

1. Participants are not involuntarily incarcerated to achieve clinical or social service objectives; such as obtaining access to residential treatment or housing.
2. Mental health court staff ensure that participants who are taken into custody are placed in mental health and other relevant treatment programs within the jail when available (Supreme Court of the State of Florida, 2017).
3. Mental health court staff communicate all relevant information concerning the participant's mental health and physical health to the jail when taken into custody (Supreme Court of the State of Florida, 2017).

### C. Team Representation

1. Where feasible, one or two treatment agencies are primarily responsible for managing the delivery of treatment services for participants (Supreme Court of the State of Florida, 2017).
2. Clinically trained representatives from these agencies are core members for the multi-disciplinary mental health court team and regularly attend team meetings and status hearings (Supreme Court of the State of Florida, 2017).
3. Mental health courts using multiple agencies to provide treatment must establish communication protocols to ensure that accurate and timely information about each participant's progress in treatment is conveyed to the multi-disciplinary mental health court team (Supreme Court of the State of Florida, 2017).

### D. Treatment Dosage, Duration, and Modality

1. Participants are assessed for suitability for mental health treatment. The assessment employs an evidence-based selection criteria including participant's gender, trauma histories, and co-occurring psychiatric or substance use symptoms (Supreme Court of the State of Florida, 2017).
2. The mental health court team allows for flexibility to accommodate individual differences in each participants' response to treatment (Supreme Court of the State of Florida, 2017).

3. Participants receive an appropriate dosage of mental health treatment to achieve long term recovery (Supreme Court of the State of Florida, 2017).

#### **E. Evidence-Based Treatments**

1. Treatment providers administer cognitive and behavioral treatments that have been demonstrated to improve outcomes for mentally ill persons involved in the criminal justice system (Supreme Court of the State of Florida, 2017).
2. Treatment providers employ an integrated treatment approach, with particular focus on recognizing the high rate of occurrence of both trauma and co-occurring substance use disorders in mental health courts.
3. Treatment providers use evidence-based treatment manuals when indicated.

#### **F. Medications**

1. Participants may be prescribed medications based on medical necessity as determined by a treating physician or nurse practitioner in consultation with the mental health court team (Supreme Court of the State of Florida, 2017).

#### **G. Provider Training & Credentials**

1. Treatment providers are licensed or certified to deliver mental health treatment services (Supreme Court of the State of Florida, 2017).
2. Treatment providers have substantial experience in working with criminal justice populations (Supreme Court of the State of Florida, 2017).
3. Treatment providers are monitored regularly to ensure continuous fidelity to evidence-based practices (Supreme Court of the State of Florida, 2017).

#### **H. Peer Support Services**

1. Participants are encouraged to attend self-help or peer support groups in addition to group and individual counseling (Supreme Court of the State of Florida, 2017).

#### **I. Continuing Care**

1. Participants complete a final phase of the mental health court focusing on long-term wellness and continuing care (Supreme Court of the State of Florida, 2017).

## 6. Additional Treatment Supports and Services

Mental health courts connect participants to comprehensive and individualized treatment supports and services in the community. They strive to use- and increase the availability of- treatment and services that are evidence-based (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007). Mental health court participants often need supports to include medications, counseling, substance use treatment, benefits, housing, crisis intervention services, peer supports, and case management to ensure compliance and successful completion of mental health court (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007) (Supreme Court of the State of Florida, 2017).

### A. Scope of Additional Services

1. The mental health court provides or refers participants with co-occurring disorders and needs to treatment and services necessary to enhance their response to mental health treatment, decrease criminal recidivism, and maintain long-term treatment gains (Supreme Court of the State of Florida, 2017).
2. Depending on the participants' needs additional services may include substance use treatment and consultation regarding medication assisted treatment, housing assistance, trauma-informed services, criminal thinking interventions, family or interpersonal counseling, parenting skills, vocational or educational services, and medical or dental treatment (Supreme Court of the State of Florida, 2017).
3. Participants receive only those services for which they have an assessed need (Supreme Court of the State of Florida, 2017).

### B. Sequence and Timing of Services

1. In all phases, participants are provided access to additional services designed to increase or promote continued compliance with mental health court tasks and to reduce recidivism (Supreme Court of the State of Florida, 2017).
2. In the first phase, additional services focus on immediate needs that allow participants to successfully engage in mental health court such as stabilization, housing, and transportation (Supreme Court of the State of Florida, 2017).
3. In the interim phases, participants receive services designed to resolve criminogenic needs; such as, criminal thinking patterns, delinquent peer interactions, and family conflict (Supreme Court of the State of Florida, 2017).
4. In the later phases of mental health court, participants receive services designed to maintain treatment gains by enhancing their long-term adaptive functioning; such as, vocational or educational counseling, and the prevention of health risk behaviors (Supreme Court of the State of Florida, 2017).

### C. Case Management

1. Case management is essential to connect participants with needed services and to monitor their compliance with court conditions (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).
2. Participants meet individually with a case manager or comparable treatment provider regularly during the first phase of mental health court (Supreme Court of the State of Florida, 2017).

3. The case manager or treatment professional administers a validated assessment instrument to determine whether participants require additional treatment or services, provides or refers participants for such services, and keeps the mental health court team apprised of participants' progress (Supreme Court of the State of Florida, 2017).

#### **D. Housing Assistance**

1. Where indicated, participants receive assistance in finding safe and stable housing in the first phase of mental health court and continuing as necessary throughout their enrollment program (Supreme Court of the State of Florida, 2017).
2. If housing services are unavailable to the mental health court, case managers or other staff help participants find safe and stable housing (Supreme Court of the State of Florida, 2017).

#### **E. Substance Use Treatment**

1. Participants are assessed using a validated instrument for substance use disorders (Supreme Court of the State of Florida, 2017).
2. Participants with substance use disorders receive substance use services as needed throughout their participation in mental health court (Supreme Court of the State of Florida, 2017).
3. Substance use and mental disorders should be treated using an integrated, coordinated, and evidence-based approach (Supreme Court of the State of Florida, 2017).
3. Participants may receive medication assisted treatment based on the participant's needs as determined by a qualified medical provider (Supreme Court of the State of Florida, 2017). When the medication assisted treatment involves a potentially addictive medication, participants will receive education including, but not limited to, side effects and anticipated duration of use. A written protocol shall be established for the use of medication assisted treatment (Supreme Court of the State of Florida, 2017).
4. Mental health courts do not prohibit admission of persons who have substance use disorders or who are prescribed medication assisted treatment. Participants are not required to discontinue legally prescribed psychiatric medication as a condition of graduating from mental health court (Supreme Court of the State of Florida, 2017).

#### **F. Trauma-Informed Services**

1. Participants are assessed using a validated instrument for trauma history and symptoms, to include assessment for Posttraumatic Stress Disorder (PTSD) (Supreme Court of the State of Florida, 2017).
2. Participants with a history of trauma receive evidence-based treatment services (Supreme Court of the State of Florida, 2017).
3. Trauma-informed services are provided in a gender-specific groups and/or individual counseling sessions (Supreme Court of the State of Florida, 2017).
4. All mental health court team members receive formal training related to trauma-informed services (Supreme Court of the State of Florida, 2017).

#### **G. Criminal Thinking Interventions**

1. Participants receive evidence-based criminal thinking intervention, as needed, after they are stabilized (Supreme Court of the State of Florida, 2017).
2. When appropriate, participants are referred to standardized and validated cognitive behavioral criminal thinking interventions, such as "Thinking for a Change" or "Reasoning and Rehabilitation," if such programs are available within the jurisdiction.

#### **H. Family and Interpersonal Counseling**

1. When feasible, at least one reliable family member, friend, or daily acquaintance is enlisted to provide firsthand observations about a participant's conduct outside the program (Supreme Court of the State of Florida, 2017).
2. After participants are stabilized clinically, they receive evidence-based, cognitive-behavioral interventions that focus on areas such as cognitive restructuring, communication skills, problem-solving, and relapse prevention (Supreme Court of the State of Florida, 2017).

#### **I. Educational and Vocational Services**

1. Participants receive education and vocational services as needed throughout mental health court (Supreme Court of the State of Florida, 2017).
2. Mental health courts encourage participants to have a stable job or be enrolled in a vocational or educational program, if appropriate (Supreme Court of the State of Florida, 2017).

#### **J. Government Benefits**

1. Case managers should assist participants in accessing all appropriate government benefits, including, but not limited to, Social Security Disability Insurance, Medicare and/or Medicaid.
2. Case managers are encouraged to use the Substance Abuse and Mental Health Services Administration (SAMHSA) SSI/SSDI Outreach, Access, and Recovery (SOAR) model.

#### **K. Medical and Dental Health Treatment**

1. Participants should be referred for medical or dental treatment as needed (Supreme Court of the State of Florida, 2017).
2. Assessment of trauma history and symptoms should also include screening for Traumatic Brain Injury (TBI) (Supreme Court of the State of Florida, 2017).

#### **L. Prevention of Health-Risk Behaviors**

1. Participants may be encouraged to complete a brief evidence-based educational curriculum describing concrete measures they can take to reduce their exposure to sexually transmitted and other communicable disease when clinically indicated (Supreme Court of the State of Florida, 2017).

## 7. Drug and Alcohol Testing

Drug and alcohol testing, when deemed appropriate for participants with substance use disorder, provides an accurate, timely, and comprehensive assessment for unauthorized substance use throughout a participant's participation in the mental health court (Supreme Court of the State of Florida, 2017).

### A. Frequent Testing

1. Drug and alcohol testing is performed frequently to ensure substance use is detected quickly and reliably (Supreme Court of the State of Florida, 2017).
2. Drug and alcohol testing is performed at least twice per week for the duration of intensive phases of mental health court treatment (Supreme Court of the State of Florida, 2017).
3. When needed the team should assist participants with managing any barriers to testing such as cost or transportation and should seek to streamline processes so that testing can occur at the time of receipt of other services whenever possible.

### B. Random Testing

1. The schedule of drug and alcohol testing is random and unpredictable. The probability of being tested on weekends and holidays is the same as on other days (Supreme Court of the State of Florida, 2017).
2. Participants are required to be tested as soon as practicable after being notified that a test has been scheduled (Supreme Court of the State of Florida, 2017).
3. Urine specimens are delivered no more than eight hours after being notified that a urine test has been scheduled (Supreme Court of the State of Florida, 2017).
4. For tests with short detection windows, such as oral fluid tests, specimens are delivered no more than four hours after being notified that a test was scheduled (Supreme Court of the State of Florida, 2017).

### C. Duration of Testing

1. Drug and alcohol testing continues throughout the course of mental health court participation to determine whether relapse occurs as other treatment and supervision services are adjusted (Supreme Court of the State of Florida, 2017).

### D. Breadth of Testing

1. Specimens are tested for all unauthorized substances that are suspected to be used by the mental health court participant (Supreme Court of the State of Florida, 2017).
2. Randomly selected specimens are tested periodically for a broader range of substances to detect new substances of abuse that might be emerging in the mental health court population (Supreme Court of the State of Florida, 2017).

### E. Witnessed Collections

1. Collection of test specimens is witnessed directly by a gender appropriate person, who has been trained to prevent tampering and substitution of fraudulent specimens (Supreme Court of the State of Florida, 2017).
2. Barring exigent circumstances, participants are not permitted to undergo independent drug or alcohol testing in lieu of being tested by trained personnel assigned to, or authorized by, the mental health court.

#### **F. Valid Specimens**

1. Test specimens are examined routinely for dilution and adulteration (Supreme Court of the State of Florida, 2017).

#### **G. Accurate and Reliable Testing Procedures**

1. The mental health court uses scientifically valid and reliable testing procedures and establishes a chain of custody for each specimen (Supreme Court of the State of Florida, 2017).
2. If a participant denies substance use in response to a positive screening test, a portion of the same specimen is subjected to confirmatory analysis using a gas chromatography/ mass spectrometry (GC/MS), liquid chromatography/ mass spectrometry (LC/MS), or a similarly calibrated test (Supreme Court of the State of Florida, 2017).
3. Drug or metabolite concentrations falling below industry-or manufacturer-recommended cutoffs are not interpreted as evidence of new substance use or changes in participants' substance use patterns unless such a determination is based on specialized staff expertise in analyzing toxicology results (Supreme Court of the State of Florida, 2017).

#### **H. Rapid Results**

1. Test results, including the results of confirmation testing, are available to the mental health court team within forty-eight hours of specimen collection (Supreme Court of the State of Florida, 2017).

#### **I. Participant Contract**

1. Upon entering the mental health court, participants receive a clear and comprehensive explanation of their rights and responsibilities related to drug and alcohol testing. This information is described in a participant contract or handbook and reviewed periodically with participants to ensure they remain cognizant of their obligations (Supreme Court of the State of Florida, 2017).

## 8. Multidisciplinary Team

A team of criminal justice staff, mental health staff, service providers, and treatment providers receive special ongoing training and help mental health court participants achieve treatment and criminal justice goals by regularly reviewing and revising the court process (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007; Supreme Court of the State of Florida, 2017).

### A. Team Composition

1. The composition of this team will vary across jurisdictions, but will typically be comprised of a judicial officer, a program coordinator, a prosecutor, defense counsel, one or more treatment representatives (ideally with expertise in both mental and substance use disorders), a court supervision or probation officer, a crisis intervention team trained law enforcement officer, and any other service providers or community supports the team wishes to include.
2. Membership on the mental health court team requires each individual to obtain a basic understanding of the elements of each of the other team member's roles. The work of the team is highly collaborative, and whenever possible, is non-adversarial in nature. Team members will each maintain fidelity to their individual roles, but will prioritize the objectives of the mental health court whenever possible. The collaborative nature of the team's work, and the necessity of obtaining specialized training to engage in that work effectively, makes it highly preferable that team members have volunteered to be a part of the mental health court team.
3. Where possible, the mental health court team is encouraged to partner with other community agencies and members who can provide relevant resources and services.

### B. Confidentiality

1. Participants are instructed in writing prior to being screened for mental health court that any information that they share in the course of screening, assessment or treatment is subject to limited confidentiality protections. Further, mental health court team members should encourage participants throughout the program to speak to their attorney prior to discussing any criminal activity in which they may be involved. While mental health court encourages candor, team members should also recognize the need for heightened protection regarding this population when discussing criminal acts.
2. Information regarding past or present drug use as well as past drug sales, will not be used by the State Attorney's Office to prosecute the instant case, or to initiate a new prosecution. However, the participant must be advised that any information that he or she shares in the course of screening, assessment or treatment which implicates the safety of another person may be used in an investigation and/or prosecution against the participant. The confidentiality protections do not extend to past or present forcible felonies, firearm offenses, or crimes involving children. All health care information will be protected pursuant to federal law.

### C. Pre-Court Staff Meetings

1. Case staffing meetings should occur to provide an opportunity to share information regarding the defendant's progress in the program, to determine appropriate actions to improve outcomes, and prepare for status hearings in court (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007; Supreme Court of the State of Florida, 2017).
2. Team members consistently attend pre-court staff meetings (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007) (Supreme Court of the State of Florida, 2017).

3. Pre-court staff meetings are presumptively closed to participants and the public unless the court has a good reason for a participant to attend discussions related to that participant's case (Supreme Court of the State of Florida, 2017).

#### **D. Team Communication and Decision Making**

1. Team members share information as necessary to assess a participant's progress in treatment and compliance with mental health court conditions (Supreme Court of the State of Florida, 2017).
2. Partner agencies execute memoranda of understanding (MOUs) specifying what information will be shared with the mental health court team (Supreme Court of the State of Florida, 2017).
3. Participants provide voluntary and informed consent permitting team members to share specified information (Supreme Court of the State of Florida, 2017).
4. Defense counsel will advise the participant and mental health court team members of information to be shared with the mental health court team (Supreme Court of the State of Florida, 2017).
5. The court considers input from all team members before making decisions that affect the participant. The court explains the basis for all its decisions to team members and participants (Supreme Court of the State of Florida, 2017).

#### **E. Status Hearings**

1. Status hearings are necessary to allow the court to publicly reward adherence to conditions of the program, to sanction nonadherence, and to ensure ongoing interaction between the participant and court team members (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).
2. Team members attend status hearings on a consistent basis (Supreme Court of the State of Florida, 2017).
3. During the status hearings, team members contribute relevant information and recommendations when requested by the judge, or as necessary to improve outcomes, or to protect participant's legal interests (Supreme Court of the State of Florida, 2017).
4. These meetings should be frequent at the beginning of a defendant's participation in the court and should decrease with positive progress in the program (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).
5. The court may adjust the format and timing of status hearings to suit the needs of the participants. For example, the judicial officer may consider reducing formalities by sitting at a table rather than on the bench, may forego wearing a robe, may incorporate a participant's family members or supports, or may employ other techniques to facilitate a therapeutic interaction between a participant and the court and team.
6. The court, aided by the team, takes care during status hearings to address carefully any sensitive participant information, or any information triggering privacy concerns, (particularly if individuals are present in the courtroom who are not connected to the mental health court).

#### **F. Team Training**

1. Team members should be cross-trained before the court is launched. Mental health professionals should be familiar with legal terminology and the workings of the criminal justice system. Criminal justice staff should be familiar with mental health and co-occurring treatment practices and protocols (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).

2. All mental health court team members are trained in best practices prior to working in the mental health court. Mental health court teams should observe established mental health courts that employ best practices (Supreme Court of the State of Florida, 2017).
3. New staff hired receive formal orientation training on the mental health court model, including mental health disorders and co-occurring disorders, and best practices as soon as feasible (Supreme Court of the State of Florida, 2017).
4. Law enforcement officers working with the mental health court team must have completed Crisis Intervention Team (CIT) training, even if the training must be obtained from another jurisdiction.

## 9. Census and Caseloads

The mental health court serves as many eligible individuals as practicable while maintaining continuous fidelity to best practice guidelines (Supreme Court of the State of Florida, 2017).

### A. Mental Health Court Caseloads

1. The mental health court does not impose arbitrary restrictions on the number of participants it serves (Supreme Court of the State of Florida, 2017).
2. The mental health court census is predicated on local need, obtainable resources, and the program's ability to apply best practices (Supreme Court of the State of Florida, 2017).

### B. Supervision Caseloads

1. Probation officers should maintain caseloads that are sufficiently manageable to perform the core functions of the role and to monitor the overall conditions of participation.
2. Supervision includes monitoring participant performance, applying effective behavioral consequences, and reporting compliance information during pre-court staff meetings and status hearings (Supreme Court of the State of Florida, 2017).

### C. Clinical Caseloads

1. Case managers should have caseloads that are sufficiently manageable to perform the core functions of the role and to monitor the overall conditions of participation (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).
2. Case load for clinicians must permit sufficient opportunities to assess participant needs and deliver adequate and effective dosages of mental health treatment and indicated additional services (Supreme Court of the State of Florida, 2017).

## 10. Monitoring and Evaluation

Criminal justice and mental health staff collaboratively monitor participants' adherence to court conditions, offer individualized graduated incentives and sanctions, modify treatment as necessary to promote public safety and participants' recovery (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007). Additionally, mental health courts routinely monitor their adherence to best practice guidelines and employ scientifically valid and reliable procedures to evaluate their effectiveness (Supreme Court of the State of Florida, 2017).

### A. Adherence to Best Practices

1. The mental health court monitors its adherence to best practice guidelines on an annual basis, develops a remedial action plan and timetable to rectify deficiencies, and examines the success of the remedial actions (Supreme Court of the State of Florida, 2017).
2. Outcome evaluations describe the effectiveness of the mental health court in the context of its adherence to best practices (Supreme Court of the State of Florida, 2017).

### B. Program Outcomes

1. Data are collected and analyzed to demonstrate the impact of the mental health court, its performance is assessed periodically (and procedures are modified accordingly), court processes are institutionalized, and support for the court in the community is cultivated and expanded (Council of State Governments Justice Center for the Bureau of Justice Assistance , 2007).
2. The mental health court continually monitors participant outcomes, including attendance at scheduled appointments, drug and alcohol test results, lengths of stay, educational/vocational goal achievement, and in-program technical violations and new arrests (Supreme Court of the State of Florida, 2017).

### C. Post-Program Outcomes

1. Where such information is available, new arrests, new convictions, and new incarcerations are monitored for at least three years following each participant's entry into mental health court (Supreme Court of the State of Florida, 2017). The participant's records for the three years prior to entry to the mental health court should be located, when available and applicable, for comparison.
2. Offenses are categorized according to the level and nature of the crime involved (Supreme Court of the State of Florida, 2017).
3. Courts are encouraged to track data and measures to demonstrate other impacts including, but not limited to, housing, family, education, employment, overall independence, and wellness outcomes.

### D. Independent Evaluations

1. A skilled and independent evaluator examines the mental health court's adherence to best practices and participant outcomes at least every five years (Supreme Court of the State of Florida, 2017).
2. The mental health court develops a remedial action plan and timetable to implement recommendations from the evaluator (Supreme Court of the State of Florida, 2017).

### E. Disadvantaged Groups

1. The mental health court continually monitors admission rates, services delivered, and outcomes achieved for members of disadvantaged groups who are represented in the mental health court program (Supreme Court of the State of Florida, 2017).

2. The mental health court develops a remedial action plan and timetable to correct disparities and examines the success of the remedial actions (Supreme Court of the State of Florida, 2017).

#### F. Electronic Database

1. Information relating to the services provided and participant's in-program performance is entered into an electronic database in a timely basis. Staff members record information concerning the provision of services and in-program outcomes within forty-eight hours of the respective events (Supreme Court of the State of Florida, 2017).
2. Staff are provided statistical summaries from the database with real-time participant information (Supreme Court of the State of Florida, 2017).

#### G. Intent-to-Treat Analyses

1. Outcomes are examined for all eligible participants who entered the mental health court regardless of whether they graduated or were terminated from the program (Supreme Court of the State of Florida, 2017).

#### H. Comparison Groups

1. Outcomes for mental health court participants are compared to those of an unbiased and equivalent comparison group (Supreme Court of the State of Florida, 2017).
2. Individuals in the comparison group satisfy legal and clinical eligibility criteria for participation in the mental health court but did not enter the mental health court for reasons having no relationship to their outcomes (Supreme Court of the State of Florida, 2017).
3. Comparison groups do not include individuals who refused to enter the mental health court, withdrew or were terminated from the mental health court, or were denied entry to the mental health court because of their legal charges, criminal history, or clinical assessment results (Supreme Court of the State of Florida, 2017).

#### I. Time at Risk

1. Whenever feasible, outcomes for mental health court participants and the comparison group are examined over an equivalent time period that begins with a similar start date (Supreme Court of the State of Florida, 2017).
2. Statistical controls are used to account for any differences between mental health court participants and comparison groups "at risk" for various outcomes (e.g., criminal recidivism, substance use). These differences may occur, for example, when persons are incarcerated or detained in a residential facility (Supreme Court of the State of Florida, 2017).
