

The Florida Agricultural and Mechanical College

WILLIAM H. GRAY JR., PRESIDENT

Tallahassee, Florida

OFFICE OF THE PRESIDENT

October 3, 1946

Mr. Harry T Moore
Box 4
Mims, Florida

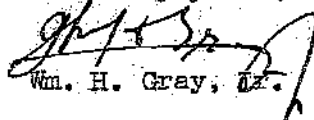

Dear Mr. Moore:

I thought you would be interested to know that the State Board of Control recommended the allocation of \$10,000.00 from sources other than the budget of the college, to provide for out-of-state scholarship aid. You might be interested to know also that at the request of the Board I appeared before the State Budget Commission, at which time the Governor, the Cabinet and other officials were most cordial and unanimous in making the funds available. We have been further given the understanding that if additional funds are necessary the same will be forthcoming.

Because of the interest which you have displayed in this matter from time to time I thought you would be interested in this official report and I am enclosing a summary statement showing in detail the expenditures to date and anticipated expenditures. The 32 persons who have received aid to date have received an average amount of \$178.62 for winter study and \$87.60 for summer study.

With kindest personal regards to you and appreciation for the interest of your organization in this effort, I remain

Sincerely yours,

Wm. H. Gray, Jr.

WHG:acbb

September 27, 1946

Hon. Terry C. Lee
Budget Director
Tallahassee, Florida

Dear Sir:

The Board of Control at its meeting last Friday authorized that a request be submitted to the State Budget Commission to provide from any sources available outside of the present Florida A. & M. College budget, the sum of \$10,000 to be used for scholarships out of the state for negro students to take work not provided at the Florida A. & M. College for Negroes and provided at the University or the Florida State College for Women for white students.

The Board authorized that this request be made because if the number of students desiring scholarships outside the state were to attend a college within the state, the cost of maintaining the state institutions would be increased in proportion.

I shall be glad if you will present this request to the State Budget Commission at your earliest convenience. It is also requested that you telephone Dr. William H. Gray, Jr., President of the Florida A. & M. College for Negroes, and give him an opportunity to be present for the purpose of supplying information for the members of the Budget Commission when this request is being considered.

Yours very truly,

/s/ J. T. Diamond
Secretary, Board of Control

D/edi
CC to:

Dr. Wm. H. Gray, Jr., President
Fla. A. & M. College
Tallahassee, Florida

FOR STUDY NOT GIVEN IN STATE

The State Board of Education, which voted on Tuesday to establish a \$10,000 fund to be distributed to finance out-of-state study, has received a letter from the State Board of Education, which has offered a scholarship to students who are attending out-of-state colleges.

The money was taken out of the State's emergency fund, which is the property of the State Board of Education, and is being used for the purpose of financing out-of-state study. The money was put into the hands of the State Board of Education, which is the only body that has the right to make such a decision.

Students who are enrolled at out-of-state colleges and who are attending out-of-state colleges are eligible for the scholarship. The scholarship is available to students who are attending out-of-state colleges and who are attending out-of-state colleges.

FOLLOWS COURT DECISION

Immediate action was taken by the State Board of Education, which has approved the program. The program was approved by the State Board of Education, which is the only body that has the right to make such a decision.

The program provides for the payment of tuition, fees, and travel expenses for out-of-state study. The program is designed to provide for the payment of tuition, fees, and travel expenses for out-of-state study.

The program is designed to provide for the payment of tuition, fees, and travel expenses for out-of-state study. The program is designed to provide for the payment of tuition, fees, and travel expenses for out-of-state study.

Although State regulations provide for a maximum scholarship of \$200 for winter terms and \$150 for summer terms, Cray said, further, the average grant has been only \$75 for winter terms and \$87 for the summer. He estimated that scholarships for this year would require \$2,500 at a maximum, but the \$10,000 allocated would be enough to assure the qualified applicants of scholarships.

PAYS DIFFERENCE

The difference between what it costs the student in tuition, fees, and travel costs at Ramoer and what it costs the student to attend the out-of-state college is paid by the State.

Students who have received the out-of-state scholarships are studying pharmacy, biology, law, social work, education, home economics, music, library science, physical education, psychology and journalism. They are enrolled at Southern colleges, which offer these courses and Northern institutions, which admit both races.

Mr. Harry T. Moore
Executive Secretary
Florida State Conference of the
National Association for the
Advancement of Colored People
Tallahassee, Florida

Dear Mr. Moore:

I have your letter of August 23, 1945, together with the attached statements and copies of correspondence concerning Leroy Bradwell of Highway, Calhoun County, Florida.

This Department has instituted an investigation of this case, but, up until the present time, such investigation has failed to disclose the whereabouts of Leroy Bradwell. In the absence of information as to his whereabouts or whereabouts to what eventually happened to him after his arrest, it is felt that it would be inadvisable for the Department to order prosecution. We shall, however, keep the case under consideration.

Should you or your organization discover any additional information in connection with the matter, please call it to our attention immediately.

Respectfully,

For the Attorney General

THOMAS E. GAGGIN
Assistant Attorney General

CC: Records
Buron.

Dear Sirs,

I have the following information relative to the proposed meeting of the Board of Directors for the year 1955.

The meeting is tentatively set for the 15th day of October at 10:00 A.M. in the Board Room of the Hotel New York.

The agenda for the meeting is as follows: 1. Report of the President for the year 1954. 2. Report of the Secretary. 3. Report of the Treasurer. 4. Report of the Committee on Finance.

It is requested that you advise me by return mail of your availability for the meeting on the above date and time.

Please send your reply to the Secretary, Mr. J. H. [Name], at 500 [Address].

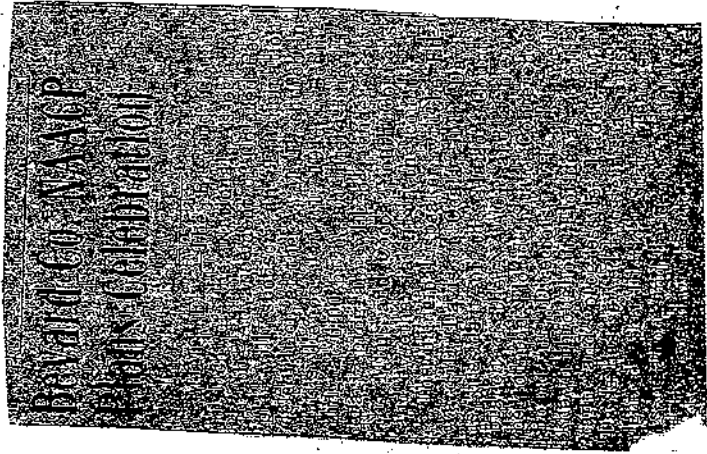

Very truly yours,
[Signature]

FOR RELEASE

September 13, 1946

NAACP POLITICAL ACTION PROGRAM ADOPTED

New York, September 12th--The tradition-shattering action taken at the 37th Annual Conference of NAACP branches, paving the way for political action, became a firmly established element in the Association's program when the NAACP Board of Directors accepted the recommendations of a special six-man committee which had been appointed to study the plan.

Particular emphasis was given that section of the special committee's report which provided safeguards for maintaining the non-partisan policies of the Association. Members of the committee, three of whom were elected by delegates representing more than 1,000 branches with a total membership of 575,000, and three by the NAACP Board of Directors, included Magistrate Joseph H. Barney, Philadelphia; David M. Grant, St. Louis, Mo.; Mrs. Lillie M. Johnson, Baltimore, Md.; Dr. Channing H. Tobias, Dr. Palmer Taylor and Arthur C. Harper, all of New York City. Also present at the meeting in New York's grand Waldorf-Astoria Hotel Building were the Association's Executive Secretary, Walter White.

It was clearly pointed out at the New York meeting that the Association does not endorse either a party or an individual candidate with a party or election purpose. However, the NAACP will continue to have that membership was urged to examine issues and candidates. There was an implied realization in the committee's report that the NAACP should in many instances be more familiar with local political conditions. It was pointed out that where possible would be further implemented, however, by a clarification of issues affecting Negroes and other minorities by experts in the National Office.

In the matter of ratings of candidates the National Office shall limit itself to giving full information on the voting records of Senators and Congressmen with particular emphasis on issues affecting Negroes. Since the National Office will not rate candidates on a State level, these candidates shall be judged on their relative positions where these issues are concerned. NAACP members will be kept in constant awareness of these issues primarily through the Association's re-

Bulletin, copies of which go to NAACP members only. This program will apply to primaries as well as general elections.

The following resolutions were voted as recommendations to the Board of Directors by the Committee:

- (1) That the Association go on record as not endorsing any political party or any individual because of party connections or affiliation.
- (2) That the policy of the NAACP shall be that branches are urged to examine proposals, purely non-partisan in character as listed below, affecting local or state public issues and which require electorate approval; to take a position for or against such proposals within the Constitutional limits of the Association, unless good cause be presented why a position not be taken; and give active support to a position taken thereon.

(Continued)

To include such issues as:

- (a) Proposals arising locally or state-wide by and through initiative and referendum.
- (b) Bond issues.
- (c) Charter and Constitutional Amendments.

Where proposal is state-wide, state conferences of branches, where they exist, are urged to determine and announce a position to be binding on all branches. Otherwise, some workable intra-state method should be devised for unified coordinated action after consultation with the National Office.

- (3) That the National Board call a meeting of all representative Negro organizations to consider the question of focusing attention on issues that will come up for decision in the election of candidates in the fall and the importance of Negroes participating actively by registering and voting. Further recommended that advertisements and other material be carried in the press.
- (4) That the Board call upon every branch to conduct a registration and voting drive.
- (5) That an entire issue of the Bulletin be devoted to registration and voting.
- (6) That the Board consider the use of staff assistants and preparation of material that would be of assistance to the local branches in the conducting of registration and turning-out-the-vote drives.

An indication of the far-reaching implications in the Association's newly adopted program may be found in the recently published analysis of the vote by which representative Roger C. Slaughter was defeated for renomination in Kansas City. According to an authoritative source, this analysis is being studied with unusual interest in both Republican and Democratic national headquarters.

According to this analysis, compiled by a member of the executive committee of the National Negro Publishers Association, Mr. Slaughter was beaten solely by Negro voters on the issue of his opposition to FEPC. The analysis further forecasts that the same resentment will be shown by Negroes toward other members of Congress, both Republicans and Democrats, whose records are "bad" on legislation involving the security and rights of minority groups. This forecast is further implemented by the fact that in addition to those voting areas where NAACP branches and members wield political influence, many thousands of Negroes are now going to the polls in areas where they have only recently been given the right to vote in the primaries by the NAACP victory in the U. S. Supreme Court in the historic Texas Primaries Case. A concerted drive is being planned as part of the NAACP Political Action Program to increase the registrations in these areas with the issues involved clearly defined.
