

What Our Schools Are Saying About the Attorney General's CyberSafety Education Program

We couldn't ask for a better presentation!! The Attorney General has a great delivery that gets the message across without producing unwarranted fear. I talked with several students afterwards and they said they are definitely changing the way they enter web sites. It was a big success!!

**-Don Lewis, Principal
Lincoln Middle School, Gainesville**

Many thanks for the EXCELLENT presentation you made to the Anchor Academy students of Sarasota High School yesterday morning! We all learned something about how to navigate cyberspace more safely, myself included. Thank you for handling a difficult subject with poise and candor. I will certainly let other colleagues know what a quality program you are offering via the Attorney General's Office.

**-Kay Zahn, Home School Liaison
Sarasota High School**

I wanted to take this opportunity to say what a wonderful experience it was in my classroom today being able to hear the Attorney General's Cyber Safety presentation here at Gulf Breeze Middle School in Gulf Breeze, Florida. I have been an educator for 30 years now and have had many presenters visit my classes, but this has been one of the most informative and interesting presentations that I have ever seen.

**-JoAnn Considine, 7th Grade teacher
Gulf Breeze Middle School**

The video slides and clips were impressive and very age appropriate for our group. The children were thoroughly engaged in the presentation. I followed up with a number of students and faculty members today and we agree that it was a most beneficial presentation.

**-Susan Poncy, The Benjamin School
North Palm Beach**

The Attorney General's presentation yesterday was wonderful! The students and staff are still talking about how they enjoyed it and how they learned so much from it.

**-Juanita Edwards, Principal
Workman Middle School, Pensacola**

You guys came to my school today, 3-27-08, Griffin Middle School and so I decided to add your site so I would feel more safe on this internet. Ok bye!!!!!!

**-Student, Griffin Middle School
Tallahassee**

Attorney General Bill McCollum's presentation on Cyber-Safety was exactly what our students needed to hear. The video clips with real-life stories brought home the importance of safeguarding personal information on the internet in a way that mere words could never do. I cannot say enough about the importance of this program.

**- Gregg Dudley, Principal
West Port Middle School, Ocala**
