Since 1981, National Crime Victims' Rights Week helps citizens and advocates reflect on commitments to serving victims of all crime. The Florida Constitution and Florida Crime Victims' Bill of Rights give crime victims or lawful representatives, including the next of kin of homicide victims, granted rights. These include the right to be informed, present and heard when relevant at all crucial stages of criminal proceedings, to be free from harassment, intimidation or abuse, and to have the safety of the victim and the victim's family considered when setting bail or pretrial release conditions.

The Attorney General's Division of Victim Services and Criminal Justice Programs serves as an advocate for crime victims. For more information on crime victim services offered by the Attorney
