Florida Attorney General's Office News Release

Florida Sex Money Murder Gang Dismantled

TALLAHASSEE, Fla.—Attorney General Ashley Moody, Polk County Sheriff Grady Judd and the Florida Department of Law Enforcement today announced the arrests of 13 gang leaders who are part of the Bloods-affiliated Sex Money Murder gang. All but two of the defendants belong to the Florida section of the SMM gang. One of those arrested holds a state-level leadership position in the North Carolina section of SMM. The defendants face a wide array of charges stemming from gang activity that included a complex scheme to deal drugs in state prisons. Charges include racketeering, directing the activities of a criminal gang, witness tampering and conspiracy to commit murder.

Attorney General Ashley Moody said, “This massive law enforcement operation eliminated the main state leadership of a notorious, nationwide gang operating across Florida. Our law enforcement heroes put in countless hours and risked their own safety to take down gangsters who demonstrated a complete lack of respect for human life. Because of these officers and my Statewide Prosecutors, we are all safer, and their actions will have far-reaching, positive implications on communities across the state.”

Polk County Sheriff Grady Judd said, “All you need to know about this gang is in its title: Sex Money Murder. We are not going to put up with these gangs brazenly coordinating and committing crimes in our communities. They are an organized criminal enterprise, ruthlessly focused on violence, theft, fraud and profiting from the human misery and violence of the illegal drug trade. Our message to other gang members in Polk County and throughout Florida: don’t throw your life away on gangs. If you do, and we catch you, you will go to prison for a long, long

time.”

Florida Department of Corrections Secretary Ricky Dixon said, “FDC is proud to work in concert with our law enforcement partners as part of our public safety mission. This partnership represents an ongoing effort and our commitment to identifying and preventing criminal activity from occurring within our walls. Our staff is dedicated to ensuring a safe environment for those entrusted to our care and furthering public safety for all Floridians.”

According to a multiagency investigation, leadership of SMM devised and executed a scheme to smuggle synthetic cannabinoids into at least three state prisons. Evidence secured during the investigation revealed that members of SMM sprayed the drugs onto pages of the Bible, Koran and greetings cards and then mailed them to gang members in the prisons.

During the execution of search warrants at the residences of gang leaders in three counties, police found firearms as well as large quantities of crack, cocaine and cannabis. Several members face charges associated with home invasions. During the investigation, SMM leadership also ordered murder-hits on two former gang members and face charges associated with those crimes.

The following SMM gang members led this criminal gang activity in Florida and face charges connected to those crimes:
