Florida Attorney General's Office News Release

Florida Man Arrested for Stealing Through Medicaid Fraud Scheme

TALLAHASSEE, Fla.—Attorney General Ashley Moody’s Medicaid Fraud Control Unit, with the assistance of the Palm Beach County Sheriff’s Office, arrested a Florida man for falsifying time sheets resulting in Medicaid fraud. The MFCU’s investigation found that Wilzer Bruno, assigned to provide homemaker services to a disabled adult, submitted time sheets falsely claiming work and services that were not completed. The fraudulent time sheets caused the employer to bill Florida Medicaid more than \$13,000 for services not rendered.

Attorney General Ashley Moody said, “Stealing thousands from Florida’s Medicaid program is not a victimless crime, it harms taxpayers and the integrity of the health care program. Stopping these types of fraudulent billing schemes not only helps us stop future fraud, it also ensures taxpayers know that we will do everything in our power to ensure their money is being spent in accordance with the law and is not unlawfully squandered.”

According to the MFCU investigation, Bruno falsified time sheets from March 17, 2020, to Dec. 31, 2020. As a result, Bruno is charged with one count of Medicaid provider fraud more than \$10,000; a second-degree felony, and grand theft \$10,000 or more; a third-degree felony. Bruno faces up to 20 years in prison, if convicted. The State Attorney’s Office in the 19th Judicial Circuit will prosecute this case.
