Dear Floridians,

Each year, our office releases the Hate Crimes Report in accordance with state law. These criminal acts express hatred or bias toward individuals or groups based on race, religion, national origin, sexual orientation or other personal characteristics. A concerning finding from this latest report is that hate crimes increased significantly.

According to the 2023 Florida Hate Crime Report, there were 311 hate crimes reported — a 36% increase from the 229 reports in 2022. Amid this alarming increase, hate crimes against Jewish Floridians increased 94%.

Following the terrorist attack on Israel on Oct. 7, 2023, the Jewish community was increasingly targeted on college campuses, places of worship and in other areas of our country. To protect Jewish Americans, we took action — calling for a zero-tolerance policy for hate crimes and urging Florida college and university police chiefs to protect Jewish students and other religious groups.

We will continue to support law enforcement agencies statewide to vigorously combat hate crimes.

As Florida Attorney General, I will fight for the safety of ALL Floridians—and for the prosperity of this great state.

Sincerely,

A handwritten signature in black ink that reads "Ashley Moody". The signature is written in a cursive, flowing style.

Attorney General  
Ashley Moody

**NOTE**

The responsiveness of law enforcement and the success of community initiatives to identify hate crime incidents cannot be measured solely through statistics. Attempts to rank or categorize any agency, county or region based on the number of reported hate crime incidents would be misleading. Such a ranking or comparison would unfairly penalize those agencies that have vigorous reporting policies by making it appear their jurisdictions are more prone to incidents of hate crimes when, in fact, they are providing a more accurate report of qualifying incidents.

## Introduction

In 1989, the Florida Legislature passed laws designed to address the issue of hate crimes. Section 775.085, Florida Statutes, was created to increase penalties for convictions of crimes where there was evidence of certain prejudice. Additionally, the Hate Crimes Reporting Act, Section 877.19, Florida Statutes, was passed to require law enforcement agencies to report hate crimes to the Florida Department of Law Enforcement (FDLE) and required the Attorney General's Office to publish an annual summary of data collected by FDLE.

Through its Hate Crime Program, Florida collects data on hate-related offenses for each incident reported. Crimes against persons may have more than one victim, these multiple victims are reflected in Florida's hate crime offense totals. For example, if two individuals are victims of a single hate crime, Florida will count two offenses for that particular incident. For crimes against property, it is counted as one incident per location. The National Hate Crime Program does not reflect multiple victims in its offense count; therefore, Florida's hate crime offense totals may differ from figures included in reports on the national level.

This 2023 Hate Crimes in Florida Report covers the period from January 1, 2023, through December 31, 2023. The information was collected from local law enforcement agencies by FDLE. The data was tabulated by FDLE and provided to the Attorney General's Office for summary and distribution.

Included with this report are excerpts from FDLE's Hate Crime Report Manual and sources of information regarding hate crimes (see Appendices). The information is provided as a reference with respect to what constitutes various criminal offenses and when those offenses are deemed to be motivated by hate.

## Executive Summary

The 2023 Hate Crimes in Florida Report contains data reported by individual local law enforcement agencies throughout Florida. These agencies reported the occurrence of hate crime incidents in 2023 under the Uniform Crime Reporting (UCR) information system. In 2023, 278 agencies participated in reporting Hate Crime data in the UCR system, and this report is based solely on the information provided to FDLE by the reporting agencies.

Of the 278 participating agencies, 75 agencies reported hate crimes in 2023, compared to 58 agencies that reported hate crimes the previous year. This year's total represents 27.0 percent of the agencies that participate in the UCR reporting system.

The report shows the number of hate crimes committed and the nature of the alleged motivation behind the offenses. During 2023, there were 311 reported hate crimes in Florida. Hate crimes motivated by the victim's race/color represented 38.0 percent of all reported hate crimes; followed by religion at 31.5 percent; sexual orientation at 16.4 percent; ethnicity/national origin at 10.6 percent; physical disability at 1.3 percent; mental disability at 1.0 percent; and homeless status at 0.6 percent and advanced age at 0.6 percent.

There are two categories of hate crime offenses: crimes against persons and crimes against property. Crimes against persons accounted for 59.5 percent of all incidents reported in 2023. Crimes against property accounted for the remaining 40.5 percent.

As variations may exist among law enforcement agencies in how hate crime data is gathered and reported, it is important to note that this report does not include unreported crimes or crimes that may be hate-related but are not classified as such by the local reporting agencies.

## What is a Hate Crime?

A hate crime is an act committed or attempted by one person or group against another - or that person's property - that in any way constitutes an expression of hatred toward the victim based on his or her personal characteristics. It is a crime in which the perpetrator intentionally selects the victim based on one of the following characteristics: race, color, religion, ethnicity, ancestry, national origin, sexual orientation, homeless status, advanced age, or mental/physical disability.

The Florida Department of Law Enforcement notes in its Hate Crime Training Manual, that the motivation behind the act is the key element in determining whether an incident is hate-related. Ultimately, it is up to the judgment of individual law enforcement officers and agencies to determine whether a particular incident constitutes a hate crime and is therefore reported as such to the state.

**Hate Crime Offenses by County and Agency**

In this report, basic information regarding the reported occurrences of hate crimes is provided in two separate tables: Offenses by County and Agency (Table 6) and, for each reporting county and agency, Hate Crimes by Offenses and Motivation Type (Table 7).

Hate crimes were reported in 35 Florida counties in 2023, compared to 28 in 2022. 9 counties reported hate crimes in 2023 after reporting none the previous year. Additionally, 2 counties reported hate crimes in 2022, but did not report any in 2023. Miami-Dade County submitted the largest number of hate crime reports.

Reporting agencies in 2023 included county sheriffs' offices, police departments, university police departments, and school district police departments. This report does not determine whether these statistics reflect an absence of hate crimes in certain counties or whether the differing figures are the result of how and whether such crimes are reported by victims to law enforcement agencies.

## **Hate Crimes by Offense and Motivation Type**

Table 7 provides a breakdown of the offenses and the motivation type for each offense, for all agencies that reported hate crimes for 2023. Based on the information provided to the Attorney General's Office, the figures provide the most complete picture of reported hate crimes in individual communities, as well as entire counties.

Any attempt to rank or categorize an agency, county or region based solely on this information may be misleading, as it may unfairly penalize those jurisdictions that have a more vigorous policy of identifying and reporting such incidents. These jurisdictions may not actually experience a greater number of hate crime incidents but may do a more thorough job of reporting them. As with other crime data, this report does not include unreported crimes or crimes that may be hate-related but are not classified as hate crimes or that are not reported by victims.

## Appendix 1 - Hate Crimes Reporting

The Florida Department of Law Enforcement's Hate Crime Report Manual defines "hate crime" as, "A committed or attempted act by any person or group of persons against a person or the property of another person or group, which in any way constitutes an expression of hatred toward the victim because of his/her personal characteristics. Personal characteristics include race/color, religion, ethnicity/ancestry/national origin, sexual orientation, advanced age, mental/physical disability, or homeless status."

The motivation behind the act is the key element in determining whether an incident is hate-related.

The mention of a prejudiced remark does not necessarily make a criminal incident hate-motivated any more than the absence of such a remark makes the criminal incident a non-hate one. Law enforcement officers must rely on their investigative judgment, as well as the use of probable cause standards, to assist them in determining whether a specific incident constitutes a hate-motivated crime. Statements of victims and witnesses, as well as physical evidence, may be used to make this determination.

The thorough and immediate reporting of hate crimes is essential. Law enforcement officials will be in a better position to process hate-related crimes more effectively only when a realistic assessment of the problem is known. There is much to gain by increasing the amount and detail of information gathered and shared about hate crimes. Law enforcement officials will be able to detect patterns and anticipate increases in tensions by compiling data and charting the geographic distribution of these crimes. Enhanced information about victims, offenders, and types of incidents will assist law enforcement and community service agencies in targeting hate crime prevention programs. Policy makers will have the basic information necessary for making decisions as to the allocation of resources for education, hate crime prevention and enforcement, and prosecutorial efforts related to hate-motivated crimes.

The Hate Crime Report Manual provides the following definition of offenses which are most frequently associated with hate crime incidents:

### 1. Homicide Offenses

Homicide offenses include murder, non-negligent manslaughter, and negligent manslaughter.

#### A. Murder and Non-Negligent Manslaughter

Definition: The killing of one human being by another.

General Rule: Any death due to a fight, argument, quarrel, assault, commission of a crime, or by premeditated design.

#### B. Negligent Manslaughter

Definition: The killing of another person through negligence. General Rule: Any death of an individual resulting from a negligent act of another individual. Negligent acts resulting in the death of the individual committing those acts and not the death of another will be considered accidental and will not be reported to the Hate Crime Data Base.

### 2. Sex Offenses, Forcible

Definition: Any sexual act directed against another person, forcibly and/or against that person's will, or not forcibly or against the person's will, where the victim is incapable of giving consent.

Forcible sex offenses include forcible rape, forcible sodomy, and forcible fondling/indecent liberties/child molesting.

General Rule: The element of force or threat of force is necessary before a sexual offense is reported in this category. Any sexual act or attempt accomplished by force is classified as a forcible sex offense regardless of the age of the victim or the relationship of the victim to the offender. Statutory rape is not counted in the forcible sex offense category as no force is used.

A. Forcible Rape

Definition: The carnal knowledge of a female by a male, forcibly and against her will or where the victim is incapable of giving consent because of her youth or because of her temporary or permanent mental incapacity.

B. Forcible Sodomy

C. Forcible Fondling/Indecent Liberties/Child Molesting

Definition: The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental incapacity.

**3. Robbery**

Definition: The taking, or attempting to take, anything of value under confrontational circumstances from the control, custody, or care of another person by force or threat of force or violence, and/or putting the property custodian in fear.

General Rule: Robbery differs from larceny in that it is aggravated by the element of force or threat of force to the custodian of the property. The custodian, who may be the owner or person having custody of the property, is directly confronted by the perpetrator and is threatened with force or fears that force will be used.

**4. Aggravated Assault**

Definition: An unlawful attack by one person upon another where either the offender displays a weapon or the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

General Rule: All felonies and aggravated assaults are classified in this category. Not included are assaults with intent to rob or rape. Attempts to commit these crimes are reported in the categories of robbery or rape.

An assault, or threat of an assault, with any weapon or item used as a weapon other than hands, fists, and feet, is classified as an aggravated assault. It is not necessary that injury be inflicted

When personal weapons (hands, fists, feet, etc.) are used, the victim must be seriously injured by these personal weapons. Usually this involves a broken bone or injury so severe that the victim should be admitted to a hospital beyond mere emergency room treatment.

**5. Burglary/Breaking and Entering**

Definition: The unlawful entry into a building or other structure with the intent to commit a felony or theft.

General Rule: Report as one offense any unlawful entry or attempted forcible entry of any dwelling, house, attached structure, public building, shop, office, factory, storehouse, apartment, house trailer, warehouse, mill, barn, other building, ship, or railroad car. If there is apparent unlawful entry and the offender has not completed an act or the actions or intent of the offender are unknown, it is reported as a burglary.

Any time force of a physical nature has been used in order to gain entrance to some premises, the attempted burglary is reported.

Any time there is an uncertainty as to why entry was made to a structure, it is reported as a burglary.

Any time force of a physical nature has been used in order to gain entrance to some premises, the attempted burglary is reported.

Breaking into a vehicle is not reported as burglary, but as a larceny.

**9. Arson**

Definition: To unlawfully and intentionally damage, or attempt to damage, any real or personal property by fire or incendiary device.

Special Instructions: Suspicious fires associated with hate-motivated incidents should be classified as arson. If the investigation later proves that arson has not occurred, the Offense Code can be modified.

**10. Simple Assault**

Definition: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury.

**11. Bribery**

Definition: The offering, giving, receiving, or soliciting of anything of value (i.e., a bribe, gratuity, or kickback) to sway the judgment or action of a person in a position of trust and/or influence

**12. Embezzlement**

Definition: The unlawful misappropriation by an offender for his/her own or purpose, money, property, or some other thing of value entrusted to his/her care, custody, or control.
