

Holiday Consumer Protection Guide 2024

OFFICE OF
ATTORNEY GENERAL
ASHLEY MOODY

— *Stronger, Safer Florida* —

Happy Holidays!

The Holiday Season is here! Thanksgiving, Christmas and New Years celebrations are upon us, and so are a host of new consumer related days — including Black Friday, Cyber Monday and Giving Tuesday. As you begin planning your holiday shopping list, we want to make sure you are armed with the latest tips and information to avoid scammers trying to capitalize on the hustle and bustle of the season. Last holiday season, sales surpassed \$964 billion — and with all that money exchanging hands, scammers may see this as an opportunity to make a quick buck.

My 2024 Holiday Consumer Protection Guide has tips for Floridians to avoid common holiday shopping schemes and cyber scams. The guide offers an array of information on how to safely navigate seasonal sales — whether that be online from the comfort of your home or in stores. In addition to shopping tips, the guide provides information about the safest ways to donate to charities.

The guide also contains a list of dangerous recalled items that may be on loved ones' Christmas lists. While searching for the perfect holiday gifts, watch out for unsafe products.

When preparing for the holiday season, use our 2024 Holiday Consumer Protection Guide to safely navigate these merry times. Don't let scammers ruin the holidays with fraudulent schemes — protect yourself and loved ones and have a happy holiday season!

Sincerely,

A handwritten signature in black ink that reads "Ashley Moody". The signature is written in a cursive, flowing style.

Ashley Moody
Florida Attorney General

Holiday Season Shopping Tips

With so many consumer purchases taking place during the holiday season, it is a good time to be particularly mindful of potential scams, security issues and added costs that may impact your online purchases. Below are tips to keep your money safe while making the most of holiday shopping.

- ❖ When shopping online, it is often wise to pay with a credit card instead of a debit card, if possible. Both payment methods allow you to dispute a charge if the merchandise never arrives or is different from what was ordered; however, with a debit card, the purchase is already deducted from your bank account and it may take days or weeks for your bank to reverse the charge.
- ❖ When ordering online, ensure that the web browser has a secure connection before inputting or submitting payment information. In the address bar, a padlock should appear to signify that your session is secure.
- ❖ Keep your receipts and be sure you understand retailers' return policies and periods so you can return any unwanted items for a full refund.
- ❖ Some retailers offer layaway plans or other payment options to allow shoppers to pay for items in installments or at a later date. Before agreeing to such a plan, be sure to ask whether the retailer charges a fee for its program and whether payments and any fees are refundable if the purchase is canceled or returned.
- ❖ When purchasing gift cards, check whether there is an additional activation fee, and provide the activation receipt to the recipient. Additionally, consider the retailer's financial situation before buying a gift card. If the retailer closes or declares bankruptcy, the recipient may not be able to enjoy the card's value.
- ❖ If shopping with a new retailer, check with the Better Business Bureau at [BBB.org](https://www.bbb.org) to determine whether other customers have filed complaints against them.

Tips for Charitable Giving

While the holiday season is a time for kind and generous deeds, scam artists may seek to take advantage of this spirit of giving. Below are tips to help ensure your charitable dollars do the most good this season.

- ❖ Research before donating to a charity. Know if a charity is registered to solicit in Florida, be aware of how much your donation will actually go towards charitable programs as opposed to administrative expenses and check others' feedback on the charity. Websites like [FDACS.gov/ConsumerServices](https://www.fdacs.gov/ConsumerServices), [Guidestar.org](https://www.guidestar.org) and [CharityNavigator.org](https://www.charitynavigator.org) allow potential donors to review charities to help make sure the donation doesn't go to a scam organization.
- ❖ Do not give your credit card number or bank account information to someone who has called or emailed you unsolicited. If you are interested in donating to a charity that has contacted you, ask them to mail you information about the charity and a pledge form. Legitimate charities should have no problem with this request.
- ❖ Watch out for similar sounding charities. It is not unusual for sham charities to choose names that sound like the names of legitimate, well-known charities.
- ❖ Know the difference between tax exempt and tax deductible. An organization that is tax exempt does not have to pay taxes, but this does not necessarily mean that a contribution you have made to it is tax deductible. To check whether an organization is eligible to receive tax-deductible contributions, visit [Apps.IRS.gov/App/Eos/](https://apps.irs.gov/app/eos/).

Product Recalls

During this season of joy and giving, it is important to remain vigilant about the safety of the products brought into your home. What follows is a compilation of 2022-2023 U.S. product recalls in an easy-to-use guide that provides important information on items you may give or receive this holiday season.

This guide reproduces U.S. Consumer Product Safety Commission information and details about recalled toys, baby items, sporting and recreational goods, furniture, and household products that are either designed for, or pose a particular risk to, children and teenagers. These items were among the more than 200 products recalled by the U.S. Consumer Product Safety Commission between October 1, 2022, and October 15, 2023. For more information regarding these products or for a comprehensive list of all product recalls, please visit [CPSC.gov](https://www.cpsc.gov).

Dangerous and defective products are the subject of recalls every year. When a product is recalled, the law requires manufacturers and retailers to remove the products from their shelves. However, products subject to recall sometimes slip by undetected and remain in stores; others may have been purchased before a recall was ever issued. Additionally, many products often continue to be offered for sale through online reseller websites well after a recall has been announced. Therefore, it is always important to do your research to make sure that the products you are buying or bringing into your home are safe and free of defect.

Taking a few minutes now to peruse this collection of recalled items will ensure a safer and more enjoyable holiday season for you and yours.

Toys

Fisher-Price Little People Mickey and Friends Figures

Hazard: The heads of the Donald Duck and Daisy Duck figures can detach, posing a choking hazard to young children.

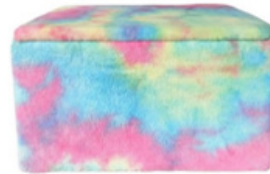

Remedy: Consumers should immediately stop using the Donald Duck and Daisy Duck figures, take them away from children, and contact Fisher-Price to receive a pre-paid return label to return the two figures and receive a \$10 refund. This recall only involves the Donald Duck and Daisy Duck figures that are part of the figure pack.

At Home Procurement Toy Trunk Storage Chests

Hazard: The toy trunk storage chests do not contain a lid support feature or ventilation holes, posing entrapment and suffocation hazards.

Remedy: Consumers should immediately stop using the recalled toy storage chests, and return them to any At Home store for a full refund.

Attom Tech LED Light-up Jelly Ring Toys

Hazard: The recalled light-up jelly ring toys contain button cell batteries that fit within CPSC's small parts cylinder, and can be easily accessed without requiring the use of a common household tool. When button cell batteries are swallowed, the ingested batteries can cause serious injuries, internal chemical burns and death, posing an ingestion hazard to children.

Remedy: Consumers should stop using the recalled light-up jelly ring toys immediately, take them away from children, and contact Attom Tech for instructions on how to properly dispose of the product and receive a full refund. Amazon is notifying all known purchasers directly.

Sassy Baby Manhattan Toy Brilliant Bee Rattles

Hazard: The wooden base can detach from the wooden rod and release the three plastic rings, posing a choking hazard to young children.

Remedy: Consumers should immediately stop using the recalled rattles, take them away from children, and return the product to the place of purchase to receive a full refund, or contact Manhattan Toy for instructions on how to return the product to receive a full refund. Proof of purchase is not required to receive a full refund.

MGA Entertainment Miniverse Make it Mini Sets with Unused Liquid Resins

Hazard: The recalled Make It Mini sets contain resins that, when liquid, can cause skin, eye, and respiratory irritation or sensitization when inhaled, touched, or ingested by children or adults. The resins contain acrylates (hydroxyethylmethacrylate “HEMA” and isobornyl acrylate “IBOA”) in amounts prohibited in children’s products by the Federal Hazardous Substances Act. After the resins cure, they no longer present this hazard.

Remedy: Consumers should immediately stop using any units with unused resins and contact MGA to receive a pre-paid label to return either: (a) the entire product, including the unused resin, if the product has not been opened, or (b) the unused resins and a photograph of the product, if the product has been opened. Consumers will receive a full refund or replacement product, at the consumer’s choice.

Outad Good Life Magnetic Chess Games

Hazard: The recalled magnetic chess games violate the mandatory federal toy magnet regulation because the set contains one or more magnets that fit within CPSC’s small parts cylinder, and the magnets are stronger than permitted. When high-powered magnets are swallowed, the ingested magnets can attract each other, or another metal object, and become lodged in the digestive system. This can result in perforations, twisting and/or blockage of the intestines, infection, blood poisoning and death.

Remedy: Consumers should stop using the recalled magnetic chess games immediately, take them away from children, and contact Outad Good Life for instructions on how to receive a full refund. Consumers can also visit their Temu account, find the relevant order in “Your Orders” and click on the “Return/Refund” button. Outad Good Life is notifying all known purchasers directly.

Shawshank LEDz Squeeze Plush Ball Monsters Toys and Easter Squeezable Toys

Hazard: The squeeze ball toy contains a liquid and glitter combination inside a thick membrane. If the membrane is ruptured, the glittery water can splash onto a child’s face and body, posing an injury hazard.

Remedy: Consumers should immediately stop using the Squeeze Plush Ball Monster Squeezable and Easter Squeezable toys and return the toys to the store where it was purchased for a full refund of \$5 in the form of cash. If it is not possible for a consumer to return the recalled product to a store, they can contact Shawshank for a postage-paid label to return their toys to Shawshank for a full refund of \$5 in the form of a check.

Thousandshores Theefun Kids Gardening Tool Sets

Hazard: The brown handle strings contain levels of phthalates that exceed the federal phthalate ban. Phthalates are toxic if ingested by young children and can cause adverse health effects.

Remedy: Consumers should immediately take these recalled toy gardening tools set away from young children and contact Thousandshores to receive a full refund. Thousandshores and Amazon are contacting all known purchasers directly.

Sandford Family Croquet Sets

Hazard: The paint or surface coating on the red mallet, blue mallet, red hoop, and winning post contain levels of lead that exceed the federal lead paint ban, posing a lead poisoning hazard. In addition, the coating on the red and blue mallets contains levels of phthalates that exceed the prohibition of specific phthalates. Lead and phthalates are toxic if ingested by young children and can cause adverse health issues.

Remedy: Consumers should immediately stop using the recalled family croquet sets and contact DOM Sports for information on how to receive the free replacement parts. DOM Sports and Amazon are contacting all known purchasers.

Lovevery Slide and Seek Ball Runs with Wooden Knobs

Hazard: The packaging configuration can allow damage to the wooden knob on the Ball Run during shipping and cause it to come loose and detach, posing a choking hazard to children.

Remedy: Consumers with a recalled ball run should immediately take it away from children, stop using it, and contact Lovevery for a free replacement. Lovevery is contacting all known purchasers directly.

DailySale Recalls High-Powered Magnetic Balls

Hazard: The magnetic ball sets contain one or more magnets that fit within CPSC's small parts cylinder, and the magnets are stronger than permitted. When high-powered magnets are swallowed, the ingested magnets can attract to each other or to another metal object and become lodged in the digestive system. This can result in perforations, twisting and/or blockage of the intestines, infection, blood poisoning and death.

Remedy: Consumers should stop using the recalled magnetic balls immediately, take them away from children, and contact DailySale to receive a pre-paid label to return the recalled magnetic balls for a full refund. DailySale is notifying all known purchasers directly.

Stateside Bead Supply High-Powered Magnetic Beads

Hazard: The magnetic beads contain one or more magnets that fit within CPSC’s small parts cylinder, and the magnets are stronger than permitted. When high-powered magnets are swallowed, the ingested magnets can attract each other, or another metal object and become lodged in the digestive system. This can result in perforations, twisting and/or blockage of the intestines, infection, blood poisoning and death.

Remedy: Consumers should stop using the recalled magnetic beads immediately, take them away from children and contact Stateside Bead Supply to receive a pre-paid label to return the recalled products for a full refund. Stateside Bead Supply is notifying all known purchasers directly.

Getallfun High-Powered Magnetic Ball Sets

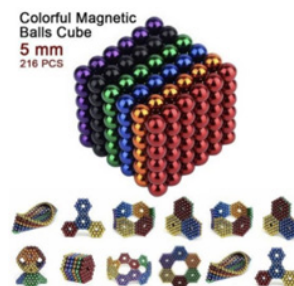

Hazard: The magnetic ball sets contain one or more magnets that fit within CPSC’s small parts cylinder and the magnets are stronger than permitted. When high-powered magnets are swallowed, the ingested magnets can attract each other, or another metal object, and become lodged in the digestive system. This can result in perforations, twisting and/or blockage of the intestines, infection, blood poisoning and death.

Remedy: Consumers should stop using the recalled magnets immediately, take them away from children and contact Getallfun.com to receive a pre-paid label to return the recalled products. Upon receipt of the products, consumers will receive a full refund. Getallfun is notifying all known purchasers directly.

High-Powered Magnetic Balls (sold Exclusively on Walmart.com)

Hazard: The recalled 5mm magnetic ball sets contain one or more magnets that fit within CPSC’s small parts cylinder, and the magnets are stronger than permitted. When high-powered magnets are swallowed, the ingested magnets can attract each other, or another metal object, and become lodged in the digestive system. This can result in perforations, twisting and/or blockage of the intestines, infection, blood poisoning, and death.

Remedy: Consumers should stop using the recalled magnetic balls immediately, take them away from children and contact Joybuy to receive a pre-paid label to return the recalled products for a full refund. Joybuy is notifying all known purchasers directly.

XpressGoods High-Powered Magnetic Balls

Hazard: The magnetic ball sets contain one or more magnets that fit within CPSC’s small parts cylinder and the magnets are stronger than permitted. When high-powered magnets are swallowed, the ingested magnets can attract each other, or another metal object, and become lodged in the digestive system. This can result in perforations, twisting and/or blockage of the intestines, infection, blood poisoning and death.

Remedy: Consumers should stop using the recalled magnetic balls immediately, take them away from children and contact XpressGoods to receive a prepaid label to return the recalled products for a full refund or store credit. XpressGoods is notifying all known purchasers directly.

Fisher-Price Thomas & Friends Wooden Railway Troublesome Truck & Crates and Troublesome Truck & Paint

Hazard: The small plastic piece containing a high-powered magnet that connects one train to another can detach or become loose, posing choking and magnet ingestion hazards.

Remedy: Consumers should immediately stop using the toys and go to www.service.mattel.com and click on “Recalls & Safety Alerts” for instructions on how to receive a pre-paid return label via email from Fisher-Price. Upon receipt of the returned product, consumers will be sent a full refund.

Mary Meyer Bubba Bull Plush Toy

Hazard: The eyes of the plush toys can break off, posing a choking hazard to young children.

Remedy: Consumers should immediately stop using the recalled plush toys, take them away from young children and contact Mary Meyer to receive a free replacement. Upon return or verification of destruction, consumers will receive a replacement Bubba Bull plush, or a different plush of equivalent value.

Litti City and Litti Pritti Dress-Up Playsets and Pretex Slime Eggs

Hazard: Each of the dress-up playsets and the Take-Along Slime Eggs contain levels of certain phthalates that exceed the federal phthalate standard. In addition, the Litti City teacher purse dress-up playset, the Litti Pritti handbag playset, and the slime eggs contain levels of lead that exceed the federal lead content ban. Lead and phthalates are toxic if ingested by young children and can cause adverse health effects.

Remedy: Consumers should immediately stop using the recalled playsets and slime eggs and contact Perch for more information on how to dispose of the product and to get a full refund after providing proof of destruction. Perch, Amazon and Walmart will contact all known purchasers directly.

The FORT Children's Play Tents

Hazard: The magnets used to connect the various pieces of The FORT can become dislodged from their pouches, posing choking and laceration hazards to young children.

Remedy: CPSC urges consumers to dispose of recalled children's play tents and NOT to resell or donate them. It is a violation of federal law to sell or distribute recalled products. **The company is no longer in business, so there is no remedy for consumers.**

Dixon Ticonderoga Creativity Street Foam Pattern Rollers

Hazard: The recalled foam pattern rollers contain levels of lead that exceed the federal lead content ban in the rollers' handles. Lead is toxic if ingested by young children and can cause adverse health effects.

Remedy: Consumers should immediately stop using the recalled foam pattern rollers and take them away from children. Contact Dixon Ticonderoga to receive a pre-paid label to return the recalled product. When the foam pattern rollers are received, consumers will receive a full refund. All known purchasers are being contacted directly by the company or retailer.

Yoto Mini Speakers for Children

Hazard: The speaker’s lithium-ion battery can overheat and catch fire, posing burn and fire hazards to consumers.

Remedy: Consumers should immediately stop using the recalled speakers, take them away from children, and contact Yoto to receive a free replacement smart charging cable. Consumers can send a photograph of the old cable cut through the middle to receive a new replacement cord.

Fisher-Price Dumbbell Toy in Baby Biceps Gift Sets

Hazard: The gray caps on the end of the dumbbell toy can come off, posing a choking hazard to infants.

Remedy: Consumers should immediately stop using the recalled dumbbell toy, take it away from young children, and contact Fisher-Price to receive a refund. Proof of purchase is not required to receive a refund for the dumbbell.

JAKKS Pacific Children’s Mario Kart Ride-On Racer Car Toys

Hazard: If the acceleration pedal on the battery-operated ride-on toy becomes clogged with debris, it can stick after the user’s foot is removed from the pedal, posing a crash hazard.

Remedy: Consumers should immediately stop using the 24V Ride-On cars and contact JAKKS Pacific to receive a free repair kit. The repair kit includes a free replacement pedal with installation instructions.

DGL Group Hover-1 Dynamo E-Scooters

Hazard: The e-scooter’s brakes can fail, posing a risk of serious injury and crash hazard.

Remedy: Consumers should stop using the recalled e-scooters immediately and contact DGL Group for instructions on how to receive a full refund. To receive a refund, consumers will be required to provide photographs of their e-scooter’s serial number and severed motor cable.

Razor Icon Electric Scooters

Hazard: The downtube of the recalled electric scooter can separate from the floorboard during use, posing a fall hazard.

Remedy: Consumers should immediately stop using the recalled scooters and contact Razor to receive a refund or coupon. Consumers with proof of purchase for recalled scooters bought on or after March 11, 2023, can receive a full refund. All other consumers can request a \$700 coupon for a future purchase on razor.com or a \$300 refund.

DGL Hover-1 Helix Hoverboards (Camouflage and Galaxy colors only)

Hazard: The recalled hoverboard’s lithium-ion battery can overheat, posing a fire hazard.

Remedy: Consumers should stop using the recalled hoverboards immediately and contact Hover-1 for instructions as to how to receive a free replacement hoverboard.

Future Motion Onewheel Self-Balancing Electric Skateboards

Hazard: The skateboards can stop balancing the rider if the boards' limits are exceeded, posing a crash hazard that can result in serious injury or death.

Remedy: Consumers should immediately stop using the recalled Onewheel electric skateboards and visit recall.
onewheel.com for information about firmware updates for their board.

Intellio Toys Bright Builder Fort Kits

Hazard: The flashlight on the recalled kits contains button cell batteries in a compartment that can be easily opened without requiring the use of a common household tool. When button cell batteries are swallowed, the ingested batteries can cause serious injuries, internal chemical burns, and death, posing an ingestion hazard.

Remedy: Consumers should immediately stop using the flashlights in the recalled fort kits, keep them away from children, and contact Intellio Toys for instructions on how to receive a refund between \$10 and \$15, depending on the model. Consumers can continue to use the fort kits without the flashlights.

Baby & Toddler Goods

Crate & Barrel Hampshire Cribs

Hazard: The mattress support pins can become loose and allow the mattress to fall, posing a fall hazard to children.

Remedy: Consumers should immediately stop using the recalled cribs and contact Crate & Barrel for a free repair or full refund. Crate & Barrel is contacting all known purchasers directly.

RH Baby & Child Jeune French Contemporary Upholstered Panel Cribs

Hazard: The cylindrical metal inserts in the crib's wooden frame can become loose and detach, posing a choking hazard.

Remedy: Consumers should immediately stop using the recalled cribs and contact RH to receive a full refund of the purchase price, or a new replacement crib with shipping at no charge. RH will provide free pickup of the recalled crib and is contacting all known purchasers directly.

Henan Ouchang Trading and Xinxiang Junshun Trading on AliExpress Crib Bumpers

Hazard: Infants can suffocate if they roll or move on the crib bumper in a position that obstructs breathing. Padded crib bumpers are banned under federal law.

Remedy: Consumers should immediately stop using the recalled crib bumpers and contact AliExpress for a full refund. To receive a refund, consumers should destroy the crib bumpers by cutting the straps and the padding and send a photo as proof of destruction. AliExpress is contacting all known purchasers.

Zazaba International Grao de Gente Crib Bumper

Hazard: Infants can suffocate if they roll or move on the crib bumper in a position that obstructs breathing. Padded crib bumpers are banned under the Safe Sleep for Babies Act of 2021.

Remedy: Consumers should immediately stop using the recalled Grão de Gente crib bumpers and contact Zazaba International Inc. for instructions on how to properly dispose of the product and receive a full refund. Zazaba International Inc. is contacting all known consumers directly.

Forjas Pack and Play Mattresses

Hazard: The recalled mattress violates multiple provisions of the Safety Standard for Crib Mattresses, including the thickness test, and is missing the required warnings and labels. The product poses a suffocation hazard to infants.

Remedy: Consumers should immediately stop using the recalled pack and play mattresses and discard them by cutting them in half, then send a photo of destroyed mattress to customer.care@forias.com to receive a full refund. Amazon and Forias Direct are contacting all known purchasers directly.

Coral Island Bubble Bear Crib Mattress

Hazard: The recalled crib mattresses violate the federal safety regulation for mattresses by failing to meet the flammability and labeling requirements, posing a fire hazard to children.

Remedy: Consumers should immediately stop using the recalled crib mattresses and contact the company by email to receive a full refund and for directions on how to dispose of the mattresses. Shenzhen Coral Island Furniture and Amazon are contacting all purchasers directly by email.

Spring Spirit and Biloban Pack and Play Mattresses

Hazard: The recalled mattresses violate multiple provisions of the federal safety regulation for crib mattresses, including the thickness test, and are missing warnings and labels. The product poses a suffocation hazard to infants.

Remedy: Consumers should immediately stop using and destroy the recalled mattresses and contact Biloban to receive a full refund and for directions on how to dispose of the mattresses. Biloban and Amazon are contacting all purchasers directly.

RH Baby & Child Jeune French Contemporary Upholstered Panel Cribs

Hazard: The recalled mattresses violate multiple provisions of the federal safety regulation for crib mattresses, including the thickness test, and are missing warnings and labels. The product poses a suffocation hazard to infants.

Remedy: Consumers should immediately stop using and destroy the recalled mattresses and contact Magik & Kover to receive a full refund and for directions on how to dispose of the mattress. Magik & Kover and Amazon are contacting all purchasers directly.

Moonsea Pack and Play Mattresses

Hazard: The recalled mattresses violate multiple provisions of the federal safety regulation for crib mattresses, including the thickness test and missing warnings and labels. The product poses a suffocation hazard to infants.

Remedy: Consumers should immediately stop using the recalled pack and play mattresses and contact Moonseasleep to receive a full refund and for directions on how to dispose of the mattresses. Moonseasleep and Amazon are contacting all purchasers directly.

Beyond Baby Vibe Bear Playyard Mattresses

Hazard: The recalled mattresses violate multiple provisions of the federal safety regulation for crib mattresses, including the firmness and thickness tests and are missing warnings and labels. The product poses a suffocation hazard to infants.

Remedy: Consumers should immediately stop using the recalled mattresses and contact Vibe Bear by email to receive a full refund and for directions on how to dispose of the mattresses. Vibe Bear and Amazon are contacting all purchasers directly.

DODO Baby House Pack and Play Mattresses

Hazard: The recalled mattresses violate multiple provisions of the federal safety regulation for crib mattresses, including the thickness test and missing warnings and labels. The product poses a suffocation hazard to infants.

Remedy: Consumers should immediately stop using and destroy the pack and play mattresses by cutting them in half, then contact DODO Baby House to send photos of the destroyed products for a full refund. DODO Baby House and Amazon are contacting all purchasers directly.

Shenzhen Two Pony Papablic Infant Swings

Hazard: The swings pose a suffocation risk because they were marketed, intended, or designed for infant sleep, and they have an incline angle greater than 10 degrees in violation of the federal safety regulations for Infant Sleep Products and the Safe Sleep for Babies Act. The swings also violate other requirements for infant swings and the labeling requirements for Reese's Law because the remote contains a button or coin-cell battery.

Remedy: Consumers should stop using the recalled swings immediately and contact Shenzhen Two Pony for information on how to dispose of the products and submit proof of destruction to obtain a full refund. Shenzhen Two Pony and Amazon are contacting all known purchasers directly.

Jool Baby Nova Baby Infant Swings

Hazard: The swings pose a suffocation risk because they were marketed, intended, or designed for infant sleep, and they have an incline angle greater than 10 degrees in violation of the federal safety regulations for Infant Sleep Products and the Safe Sleep for Babies Act. In addition, the swing fails to meet mandatory warning requirements regarding sleep under the swing standard.

Remedy: Consumers should immediately stop using the recalled swings for sleep and contact Jool Baby to receive a free repair kit.

Dorel Juvenile Group Cosco Jump, Spin & Play Activity Center

Hazard: The activity centers' straps can detach or break while a child is in the activity center, posing fall and injury hazards to the child.

Remedy: Consumers should stop using the recalled activity centers immediately and contact Dorel for a replacement. Consumers will be instructed to cut through the straps of the activity centers and send a photo of the cut straps to Dorel to receive a free replacement activity center.

Beberoadlove New Moon Travel Bassinets

Hazard: The recalled bassinets violate federal safety regulations for Infant Sleep Products because they do not have a stand, posing a fall hazard if used on elevated surfaces.

Remedy: Consumers should immediately stop using the recalled bassinets and contact Beberoadlove for instructions on how to receive a full refund and how to properly dispose of the product. Beberoadlove and Amazon are contacting all known purchasers directly.

Peg Perego Sleeper Bassinets for YPSI and Z4 Strollers

Hazard: The recalled bassinets violate the Safe Sleep for Babies Act because they were marketed for infant sleep and have an incline angle greater than 10 degrees. Infant fatalities have occurred in inclined sleeper products after the infants rolled from their back to their stomach or side while unrestrained or under other circumstances. The bassinets also violate the Infant Sleep Products regulation because they do not have a stand.

Remedy: Consumers should immediately stop using the recalled bassinets and contact Peg Perego for instructions on how to receive a full refund or repair instructions for the recalled bassinets. Consumers who purchased their bassinet for a stroller system or with a stand will be given instructions on how to disable the backrest recline adjustment feature. Peg Perego will offer a \$50 cash incentive for consumers who provide proof of backrest disengagement for bassinets part of this recall. Consumers who solely purchased the bassinet should return the product for a full refund. Peg Perego and Amazon are contacting all known purchasers directly.

Joybuy Sling Carriers

Hazard: The recalled sling carriers violate the safety requirements of the Safety Standard for Sling Carriers, including requirements for structural integrity and occupant retention, posing a fall hazard to babies. Additionally, the sling carriers pose a suffocation hazard because they fail to meet the federal safety standard's requirements for restraint systems, as the waist restraint can be used without the crotch restraint. Further, there are no warnings or instructional literature providing information to caregivers about keeping the baby's face clear to prevent suffocation or safe positioning, to prevent the baby from curling into a position with their chin resting on or near their chest. Sling carriers manufactured after January 30, 2018 are subject to the mandatory federal safety standard.

Remedy: Consumers should immediately stop using the recalled sling carriers and contact Joybuy Marketplace Express for instructions on how to properly dispose of the product and receive a full refund. Joybuy Marketplace Express and Walmart are notifying all known purchasers directly.

Zazaba International Grao de Gente Baby Nests

Hazard: The recalled baby nests violate the safety requirements of CPSC’s Safety Standard for Infant Sleep Products, posing a suffocation risk and fall and entrapment hazards to infants. The failures include not having a stand and not meeting the requirements for side height, sleeping pad thickness, and fabric-sided openings. The product’s sides are shorter than the minimum side height limit; the sleeping pad’s thickness exceeds the maximum limit; and an infant could fall out of an enclosed opening at the foot of the lounger or become entrapped.

Additionally, the baby nest designs with head pillows violate the Safe Sleep for Babies Act of 2021’s ban on inclined sleepers for infants because their sleep surfaces are inclined greater than ten degrees. Infant fatalities have occurred in inclined sleepers, after the infants rolled from their back to their stomach or side while unrestrained, or under other circumstances.

Remedy: Consumers should immediately stop using the recalled Grão de Gente baby nests and contact Zazaba International Inc. for instructions on how to properly dispose of the product and receive a full refund. Zazaba International Inc. is contacting all known consumers directly.

Mamibaby and Cosy Nation Baby Loungers

Hazard: The recalled baby loungers violate the federal safety regulations for Infant Sleep Products because the sides are too low to contain the infant; the sleeping pad is too thick, posing a suffocation hazard; an infant could fall out of an enclosed opening at the foot of the lounger or become entrapped; and the loungers do not have a stand, posing a fall hazard if used on elevated surfaces. These violations create an unsafe sleeping environment for infants.

Remedy: Consumers should immediately stop using the recalled loungers and contact MEIXIA Shop for information on how to dispose of the product to obtain a full refund. MEIXIA Shop and Amazon are contacting all known purchasers directly.

Hatch Baby Rest 1st Generation Sound Machine Power Adapter

Hazard: The plastic housing surrounding the AC power adapter supplied with some Rest 1st Generation sound machines can come off when removing the adapter from the power outlet, leaving the power prongs exposed and posing a shock hazard to consumers.

Remedy: Consumers should immediately stop using the recalled power adapters sold with Rest 1st Generation sound machines and contact Hatch for a free replacement power adapter. Hatch is contacting all registered owners directly.

SINGES 3-in-1 High Chair and Booster Seats

Hazard: The recalled high chair, which converts into a booster seat, violates the safety regulations for both high chairs and booster seats. Multiple failures were identified including, but not limited to, insufficient restraint system, stability, static load, latching and locking mechanisms, leg openings, warnings, labels, and literature. The product can tip over or collapse and present a fall hazard to children.

Remedy: Consumers should immediately stop using the recalled high chairs and return them to Walmart for a full refund. Shenzhen Yingjieshang Trade and Walmart are contacting all known purchasers directly.

Clark Associates Lancaster Table & Seating Plastic Restaurant High Chairs

Hazard: The T-bar located at the front middle of the chair can become loose and fall or break off while the high chair is in use, posing a fall hazard to children.

Remedy: Consumers should immediately stop using the recalled high chairs and contact Clark Associates for a full refund.

Brandline HEAO High Chairs

Hazard: The high chairs pose a suffocation risk because they were marketed, intended, or designed for infant sleep, and they have an incline angle greater than 10 degrees in violation of the CPSC’s Infant Sleep Products Rule and the Safe Sleep for Babies Act. In addition, the high chairs pose finger laceration and entrapment hazards as they failed to meet mandatory requirements under the high chair standard.

Remedy: Consumers should immediately stop using the recalled high chairs and contact Brandline for instructions on how to dispose of the products and receive a full refund.

Bugaboo Dragoonfly Seat Strollers

Hazard: In “parent-facing” mode, the backrest of the seat can move downward, placing the infant in a negative recline. In this situation, an unrestrained infant could tumble from the seat, posing an injury hazard.

Remedy: Consumers should immediately stop using the recalled seats and contact Bugaboo for a free replacement stroller seat. Bugaboo is contacting all known retailers and purchasers directly.

Stiger Besrey Twins Stroller

Hazard: The twin stroller violates multiple safety regulations for strollers. The front seat in the forward-facing configuration poses an entrapment hazard to children. In addition, failures with the restraint system and rear seat enclosure pose a fall hazard to children. In products with a black grab bar, the foam padding on the grab bar can pose a choking hazard.

Remedy: Consumers should stop using the stroller immediately and contact Stiger for information on how to dispose of the product to obtain a full refund. Stiger and Amazon are contacting all known purchasers directly.

YourHealthToolkit Children's Weighted Blankets

Hazard: A young child can become entrapped by unzipping and entering the blanket, posing a risk of death by asphyxiation.

Remedy: Consumers should immediately stop using the weighted blankets and contact Amazon to receive a full refund. YourHealthToolkit is contacting all purchasers directly via Amazon with instructions on how to disable all product functionality or return the product.

Little Sleepies Sleepyhead Loveys and Bandana Bibs

Hazard: The care instruction label on the Sleepyhead Lovey and Bandana Bib can detach, posing a choking hazard to young children.

Remedy: Consumers should immediately take the recalled Sleepyhead Loveys and Bandana Bib away from children and remove the care instruction label to eliminate the hazard or, if consumers do not wish to remove the label, they can return the products using pre-paid shipping from the company for a full refund.

UncleWu Life Infant Bath Seats

Hazard: The bath seats fail to meet the federal safety regulation for infant bath seats, including requirements for stability and leg openings, and can tip over while in use, posing a drowning hazard to babies.

Remedy: Consumers should immediately stop using the recalled infant bath seats and contact UncleWu Life to receive a pre-paid label to return the infant bath seat. Upon receipt of the returned infant bath seats, consumers will be issued a full refund. UncleWu Life and Amazon are notifying all known purchasers directly.

Mill Valey Jr. Rooms to Go Children's Dressers

Hazard: The recalled dressers are unstable if they are not properly anchored to the wall, posing serious tip-over and entrapment hazards that can result in injuries or death to children.

Remedy: Consumers should stop using the dressers immediately, keep children away from them and contact Rooms To Go for a free replacement dresser. Rooms To Go will schedule a free delivery of the replacement and remove the recalled dresser. Rooms To Go is contacting all known purchasers directly.

Thule RideAlong Rear-Mounted Child Bike Seats

Hazard: The harness padding of Thule RideAlong bike seats can contain flame-retardant DecaBDE in excess of regulatory limits, posing a chemical hazard. DecaBDE can be toxic if it is ingested or comes into contact with skin or eyes.

Remedy: Consumers should immediately stop using the recalled RideAlong seat and contact Thule Group to register for free replacement harness padding and to receive instructions on how to return the recalled padding. Thule is contacting all known consumers.

Wee Gallery Baby Tummy Time Gallery

Hazard: The recalled Baby Tummy Time Gallery art card pockets have clear plastic coverings that contain levels of a phthalate that exceeds the federal phthalates ban. Phthalates are toxic if ingested by young children and can cause adverse health effects.

Remedy: Consumers should immediately stop using the recalled Baby Tummy Time Gallery and contact Wee Gallery for information on how to dispose of the product and to obtain a refund of \$39.95. Wee Gallery and Amazon.com are contacting all known purchasers directly.

Children's Clothing & Accessories

JUVENNO KIDS Children's Pajama Sets

Hazard: The recalled children's pajama sets violate the flammability standards for children's sleepwear, posing a risk of burn injuries to children.

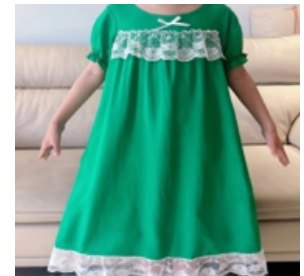

Remedy: Consumers should immediately take the recalled pajamas away from children, stop using them, and contact JUVENNO KIDS to receive a full refund. JUVENNO KIDS is contacting all known purchasers directly.

Lovely Angel Children's Lace Nightgowns

Hazard: The children's nightgowns violate the federal flammability standards for children's sleepwear, posing a risk of burn injuries to children.

Remedy: Consumers should immediately take the recalled nightgowns away from children, stop using them, and contact Lovely Angel to receive a full refund. Lovely Angel is contacting all known purchasers directly.

Fashion Online Children's Pajama Sets

Hazard: The recalled children's pajama sets violate the flammability standards for children's sleepwear, posing a risk of burn injuries to children.

Remedy: Consumers should immediately take the recalled pajamas away from children and contact Fashion Online to receive a full refund. Fashion Online is contacting all known purchasers directly.

SWOMOG Children's Two-Piece Pajama Sets

Hazard: The recalled children's pajama sets violate the flammability standards for children's sleepwear, posing a risk of burn injuries to children.

Remedy: Consumers should immediately take the recalled pajamas away from children and contact SWOMOG to receive a full refund. SWOMOG is contacting all known purchasers directly.

Zegoo Home Children's Nightgowns

Hazard: The children's nightgowns violate the flammability standards for children's sleepwear, posing a risk of burn injuries to children.

Remedy: The company has been uncooperative in the implementation of the recall. Consumers are urged to dispose of the product.

SIORO Children's Robes

Hazard: The children's robes violate the flammability standards for children's sleepwear, posing a risk of burn injuries to children.

Remedy: Consumers should immediately take the recalled robes away from children and contact SIORO for a full refund.

SKIMS Children's Pajama Sets

Hazard: The children's pajama sets fail to meet the flammability regulations for children's sleepwear, posing a risk of burn injuries to children.

Remedy: Consumers should immediately take the recalled pajamas away from children, stop using them, and contact SKIMS for a full refund. SKIMS will contact all known purchasers directly.

Sant and Abel Children's Pajamas

Hazard: The children's pajamas fail to meet the flammability standards for children's sleepwear, posing a burn hazard to children.

Remedy: Consumers should immediately take the recalled pajamas away from children and contact Sant and Abel for a full refund. Sant and Abel is contacting all known purchasers directly.

Lovey & Grink Children's Pajamas

Hazard: The recalled children's pajamas violate the flammability regulations for children's sleepwear, posing a risk of burn injuries to children.

Remedy: Consumers should immediately take the recalled pajamas away from children, stop using them, and contact Lovey & Grink for a full refund.

Ekouaer Children's Nightgowns

Hazard: The children's nightgowns fail to meet federal flammability regulations for children's sleepwear, posing a risk of burn injuries to children.

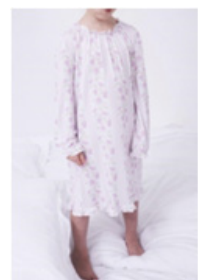

Remedy: Consumers should immediately take the recalled nightgowns away from children and contact Ekouaer for a full refund.

Stripe and Stare Children's Nightgowns

Hazard: The recalled children's nightgowns violate the federal flammability regulations for children's sleepwear, posing a risk of burn injuries to children.

Remedy: Consumers should immediately take the recalled nightgowns away from children and contact Stripe and Stare for a full refund.

Oso & Me Children's Pajama Sets

Hazard: The recalled children's pajama sets violate the flammability regulations for children's sleepwear, posing a risk of burn injuries to children.

Remedy: Consumers should stop using the children's pajamas immediately and contact Oso & Me for a full refund.

Vanilla Underground Minecraft TNT Children's Pajamas

Hazard: The recalled children's pajamas fail to meet the federal flammability regulations for children's sleepwear, posing a risk of burn injuries to children.

Remedy: Consumers should immediately take the recalled pajamas away from children and contact Vanilla Underground for a full refund.

Nanchang Zhongcangjishi Children's Bathrobes

Hazard: The recalled children's bathrobes violate federal flammability regulations for children's sleepwear, posing a risk of burn injuries to children.

Remedy: Consumers should immediately take the recalled bathrobes away from children, stop using them and contact Nanchang Zhongcangjishi E-commerce for a full refund.

TJX Children's Brown Stretch Twill Pants

Hazard: The plastic pieces on the end of the pants' faux drawstrings can come loose and fall off, posing a choking hazard.

Remedy: Consumers should immediately take the recalled pants away from children and cut off the faux drawstrings to eliminate the hazard. Consumers can also contact TJX for instructions on how to destroy the pants and obtain a full refund. Consumers can also return the pants to any Marshalls store for a full refund.

Igloo Products Youth Sipper Bottles

Hazard: The silicone cover on the sipper can detach while in use, posing a choking hazard to children.

Remedy: Consumers should immediately take the recalled bottles away from children and contact Igloo to receive a replacement bottle or refund.

Klickpick Home Stainless Steel Children's Cup Sets

Hazard: The bottom exterior of the stainless-steel cups contains an accessible solder bead with levels of lead that exceed the federal lead content ban. Lead is toxic if ingested by young children and can cause adverse health effects. In addition, the lid can crack and break during use producing sharp edges and small parts, posing laceration and choking hazards to children.

Remedy: Consumers should immediately take the recalled cups away from children, stop using them and contact Klickpick Home for a full refund. Klickpick Home and Amazon are contacting all known purchasers directly.

FENGM Tiblue Stainless Steel Children's Cups

Hazard: The bottom exterior of the stainless-steel cups contains an accessible solder bead with levels of lead that exceed the federal lead content ban. Lead is toxic if ingested by young children and can cause adverse health effects. In addition, the lid can crack and break during use producing sharp edges and small parts, posing laceration and choking hazards to children.

Remedy: Consumers should immediately take the cups away from children, stop using them and contact FENGM for a full refund. FENGM and Amazon are contacting all known purchasers directly.

PandaEar Stainless Steel Children's Cup

Hazard: The bottom exterior of the recalled stainless-steel cups contains an accessible solder bead with levels of lead that exceed the federal lead content ban. Lead is toxic if ingested by young children and can cause adverse health effects. In addition, the lid can crack and break during use producing sharp edges and small parts, posing choking and laceration hazards to children.

Remedy: Consumers should immediately take the recalled cups away from children, stop using them and contact PandaEar for a full refund. PandaEar and Amazon are contacting all known purchasers.

Newmemo Children's Ring Sets

Hazard: The rings contain levels of lead that exceed the federal lead content ban and levels of cadmium that are prohibited in children's products by the Federal Hazardous Substances Act. Lead and cadmium are toxic if ingested by young children and can cause adverse health effects.

Remedy: Consumers should immediately stop using the recalled rings and contact Newmemo for a full refund. Newmemo and Amazon are contacting all known purchasers directly.

Sporting Goods

Brompton Bicycle Brompton T-Line Foldable Bicycles

Hazard: A loss of alignment between the handlebar and front wheel, due to insufficient torquing of steerer clamp bolts, can cause the rider to lose control of the steering, posing a fall hazard.

Remedy: Consumers should immediately stop using the recalled bicycles and contact an authorized Brompton dealer to schedule an appointment for a free repair to tighten the steerer clamp bolts on the handlebar stem. Brompton is contacting all registered owners and dealers directly.

REI Co-op Cycles REV Children's Bicycles

Hazard: The training wheel assembly knob can loosen and detach from the bicycle, posing fall and injury hazards to the riders.

Remedy: If training wheels are being used, consumers should immediately stop using the recalled bicycle and contact their local REI store to schedule a free repair that includes replacement training wheel attachments. If it is not possible to visit an REI store, contact REI for a free repair kit to be shipped. If the bicycle is being ridden without training wheels, customers can continue using the bicycle.

Retrospec Beaumont Plus ST Bikes with Disc Brakes

Hazard: The front disc brake rotor and brake pads can be misaligned, which can cause brake failure, posing crash and injury hazards.

Remedy: Consumers should immediately stop using the recalled bicycles and take them to the authorized dealer where purchase for free installation of a new brake assembly.

GT LaBomba Bicycles

Hazard: The bicycle headtube/downtube weld can become damaged and separate from the bicycle frame, posing fall and injury hazards.

Remedy: Consumers should immediately stop using the recalled bicycles and contact an authorized GT dealer for a free replacement frame.

Cannondale Dave Bicycles

Hazard: The bicycle headtube/downtube weld can become damaged, and separate from the bicycle frame, posing fall and injury hazards.

Remedy: Consumers should immediately stop using the recalled bicycles and contact an authorized Cannondale dealer for a free replacement frame.

Flat River Group NextGen Children's Bicycles

Hazard: The bicycles do not meet U.S. safety standards for bicycles, posing crash and injury hazards to children. The 10-inch, 12-inch, and 16-inch bicycles are equipped with hand brakes but no footbrakes. The 20-inch bicycles are not equipped with a chain guard and the pedals do not come with reflectors. Federal regulations require bicycles with seat heights that measure at or below 25 inches to be equipped with foot brakes and require a full coverage chain guard, intended to prevent entrapment of clothing or body parts.

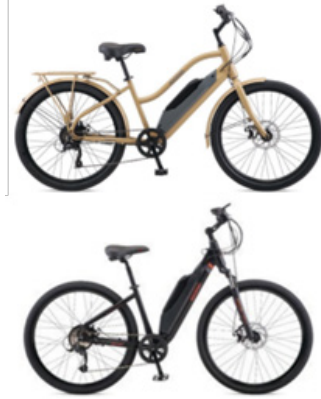

Remedy: Consumers should immediately take the recalled bikes away from children and contact the company for instructions on returning the bicycles for a full refund.

Pacific Cycle Ascend Cabrillo and Minaret E-Bikes

Hazard: The wiring harness that manages the charging of the lithium-ion battery was not properly assembled, creating a risk of overheating and fire while charging.

Remedy: Consumers should immediately stop using and unplug the recalled electric bikes. Consumers should enter their serial number on www.pacific-cycle.com/safety-notice-recalls before returning the bike(s) to confirm their electric bike is part of the recall. Return the recalled bikes to Bass Pro Shops or Cabela's to receive a full refund.

Ride Aventon Sinch.2 Folding E-Bicycles

Hazard: The recalled e-bikes can accelerate unexpectedly, resulting in loss of control, posing crash and injury hazards.

Remedy: Consumers should immediately stop using the recalled e-bikes and contact a Ride Aventon authorized dealer to schedule a free repair, including a software update to the controller.

Trek Allant+7 Bicycles (with Tektro brakes)

Hazard: The rear brake hose can kink and break when turning the handlebars causing the rider to lose control of the bike, posing a crash hazard.

Remedy: Consumers should immediately stop using the recalled Trek Allant+ 7 bicycles and contact their local authorized Trek dealer for a free repair.

iFIT ProForm 50lb Adjustable Dumbbells

Hazard: The weight plates can dislodge from the handle during use, posing an impact injury hazard.

Remedy: Consumers should immediately stop using the recalled ProForm Rapid Strike 50 LB Adjustable Dumbbell Sets and contact iFIT to receive a free repair in the form of a replacement for the molded tray. iFIT is contacting all known purchasers directly.

iFIT NordicTrack 50lb iSelect Voice-Controlled Adjustable Dumbbells

Hazard: The weight plates can dislodge from the handle during use, posing an impact hazard.

Remedy: Consumers should immediately stop using the recalled dumbbells and contact iFIT to receive a full refund. iFIT is contacting all known purchasers directly.

Gasaciods Children's Helmets

Hazard: The helmets do not comply with the positional stability, dynamic strength of retention system, impact attenuation, and certification requirements for bicycle helmets. The helmets can fail to protect in the event of a crash, posing a risk of head injury.

Remedy: Consumers should immediately stop using the recalled Gasaciods helmets and contact Fengwang Sports for a refund.

Korimefa Multi-Purpose Helmets

Hazard: The recalled helmets do not comply with the positional stability requirements of the CPSC federal safety standard for bicycle helmets. The helmets can fail to protect in the event of a crash, posing a risk of head injury.

Remedy: Consumers should immediately stop using the recalled Korimefa helmets and contact Yangxi for a full refund. Yangxi is contacting all purchasers directly.

Chau River Sports Outdoors Kids' Bike Helmets

Hazard: The size small helmets do not comply with the dynamic strength of retention system, impact attenuation and certification requirements for bicycle helmets. The helmets can fail to protect in the event of a crash, posing a risk of head injury.

Remedy: Consumers should immediately stop using the recalled helmets and contact Chau River Sports Outdoors for a full refund.

Bell Sports Bell Slope Adult Bicycle Helmets

Hazard: The strap anchor can become dislodged from the helmet when sufficient force is applied and therefore violates the CPSC federal safety regulation for bicycle helmets. The helmets can fail to protect in the event of a crash, posing a risk of head injury.

Remedy: Consumers should immediately stop using the recalled Bell Adult Slope helmets and contact Bell Sports for a refund.

Bell Sports Bell Soquel Youth Bicycle Helmets

Hazard: The strap anchor can become dislodged from the helmet when sufficient force is applied. The helmets can fail to protect in the event of a crash, posing a risk of head injury.

Remedy: Consumers should immediately stop using the recalled Bell Soquel Youth Helmets and contact Bell Sports for a refund.

Retrospec Scout Kids Bike Helmets

Hazard: The size extra-small and small helmets do not comply with the coverage, positional stability, and labeling requirements of the CPSC federal safety regulation for bicycle helmets. The helmets can fail to protect in the event of a crash, posing a risk of head injury.

Remedy: Consumers should immediately stop using the recalled helmets and contact Retrospec for a full refund.

Peace Sports Youth All-Terrain Vehicles (ATVs)

Hazard: The handlebars pose a laceration hazard if the child rider's body or head impacts the handlebars at a high rate of speed. Additionally, the parking brakes fail to hold, posing a collision hazard. The ATVs are also missing the required safety reflectors for vehicles intended for use by children 10 years and older. The 518 CY125ATV-6 model's footguards pose a laceration, contusion, and amputation hazard if the rider's foot enters the rear wheel environment. ATVs that fail to meet these mandatory safety requirements pose a risk of serious injury or death.

Remedy: Consumers should stop using the recalled ATVs immediately and contact Peace Industry Group for a full refund.

Polaris RZR 200 Youth Recreational Off-Road Vehicles

Hazard: The steering system can lock up while in use, posing a crash hazard and risk of serious injury to children.

Remedy: Consumers should immediately stop using the recalled vehicles and contact an authorized Polaris dealer to schedule a free repair to replace the steering rack assembly. Polaris has notified consumers to stop riding the vehicles and is contacting registered owners directly.

Polaris Ranger XP Kinetic Recreational Off-Road Vehicles

Hazard: Pressing the brake and throttle pedals simultaneously can deactivate the throttle. If the brake is then released, the vehicle can move and the throttle can still be deactivated, posing a crash hazard and risk of serious injury.

Remedy: Consumers should immediately stop using the recalled vehicles and contact Polaris or an authorized Polaris dealer to schedule a free repair, including an update to the vehicle control system. Polaris has notified consumers to stop riding the vehicles and is contacting registered owners directly.

CFMOTO ZFORCE 950 Recreational Off-Highway Vehicles

Hazard: The shock absorber rod assembly can unthread and detach, causing suspension collapse, posing crash and tip-over hazards to the rider.

Remedy: Consumers should immediately stop using the recalled ROVs and contact an authorized CFMOTO dealer to schedule an appointment to bring the recalled vehicle into the dealer for a free repair. CFMOTO has issued a Stop Ride notice to consumers and is contacting all registered owners and dealers directly to provide more details about the repair.

Honda Motor Off-Road Motorcycles

Hazard: The grip can detach from the handlebar posing crash and injury hazards.

Remedy: Consumers should immediately stop using the recalled off-road motorcycles and contact American Honda Motor to schedule an appointment for a free inspection and repair. Honda is contacting all known purchasers directly.

Household Goods

Baseus Magnetic Wireless Charging Power Banks

Hazard: The lithium-ion battery in the power banks can overheat, posing a fire hazard.

Remedy: Consumers should immediately stop using the recalled power bank models and contact Baseus for a full refund with proof of purchase, or a \$36 cash refund without proof of purchase. Baseus and Amazon are notifying all known purchasers directly.

IKEA VARMFRONT Power Banks

Hazard: The power banks can overheat posing a fire hazard.

Remedy: Consumers should immediately stop using the recalled banks and return them to any IKEA store for a free replacement product or for a full refund. If you are unable to return it to a store, contact IKEA for instructions on how to dispose of the VARMFRONT Power Bank to receive a full refund. Proof of purchase (receipt) is not required to receive a full refund.

Lenovo USB-C Laptop Power Banks

Hazard: The power bank's internal screws can come loose, causing a short circuit and overheating of the lithium-ion battery, posing a fire hazard. Do not put lithium-ion batteries in the trash or battery recycling boxes found at various retail and home improvement stores. They can cause fires and explosions if they are damaged or crushed and are a hazard when thrown in the trash.

Remedy: Consumers should immediately stop using the recalled Lenovo USB-C Laptop Power Banks and contact Lenovo for a free replacement as well as instructions for properly disposing of lithium-ion batteries according to local and state regulations.

myCharge POWER HUB All-In-One

Hazard: The recalled portable chargers can overheat while charging, posing fire and burn hazards.

Remedy: Consumers should immediately stop using the recalled portable chargers and contact myCharge for a free replacement portable charger.

IKEA ASKSTORM 40W USB Chargers

Hazard: The USB charger’s cable can become damaged or break over time, posing burn and electric shock hazards.

Remedy: Consumers should immediately stop using the recalled chargers and return the charger to any IKEA store for a full refund; or, if you are unable to return it to a store, contact IKEA for instructions on how to dispose of the ÅSKSTORM 40W USB Chargers to receive a full refund. Proof of purchase (receipt) is not required to receive a full refund.

ALDI Ambiano Single Serve Coffee Makers

Hazard: The recalled coffee makers can expel hot water from the top of the machine, posing a burn hazard.

Remedy: Consumers should immediately stop using the recalled coffee makers. Consumers may return the unit to an ALDI store for a full cash refund of \$49.99, plus applicable sales tax. Alternatively, consumers may receive a \$75 ALDI electronic gift card when they visit www.recallrtr.com/aldicoffeemaker, register the recalled coffee maker, and receive instructions on how to cut the unplugged cord, dispose of the product, and upload photos of the coffee maker showing the model number, registration number, and cut cord.

BlendJet BlendJet2 Portable Blenders

Hazard: The recalled blenders can overheat or catch fire and the blender blades can break off, posing fire and laceration hazards to consumers.

Remedy: Consumers should immediately stop using the recalled blenders and contact BlendJet for a free replacement of the BlendJet 2 base unit. Consumers will need to remove and cut the rubber seal from the base of their recalled blender into three or more pieces and upload or email a photo showing the serial number on the bottom of the unit and its rubber seal in pieces to BlendJet at www.blendjet.com/safetyandrecall or safety@blendjet.com to receive a free replacement base. Consumers can identify whether they have a recalled unit by entering the serial number of their unit into the “Is my BlendJet 2 Recalled?” tool located at www.blendjet.com/safetyandrecall, or by calling BlendJet toll-free number at 844-334-0562.

Oreck Discover Upright Vacuums by TTI Floor Care

Hazard: The vacuum's electric cord plug prong can detach and remain in an electrical outlet when the vacuum is unplugged. This poses an electrical shock hazard to consumers.

Remedy: Consumers should immediately stop using the recalled vacuums and contact Oreck or their local Oreck dealer for instructions on how to obtain a free repair.

Brookstone Turbo Vac Handheld Rechargeable Vacuums

Hazard: The vacuums can short circuit during or after charging the battery, posing a fire hazard.

Remedy: Consumers should immediately stop using the recalled vacuums and contact Southern Telecom to receive a full refund.

BISSELL Steam Shot Handheld Steam Cleaners

Hazard: The recalled steam cleaners can expel hot water or steam onto users while heating or during use, posing a burn hazard.

Remedy: Consumers should immediately stop using the recalled steam cleaners, and contact BISSELL to receive either a \$60 credit to be used towards a [BISSELL.com](https://www.bissell.com) purchase, or a \$40 refund for each of the recalled steam cleaners.

Vornado Steamfast Home & Away Travel Steam Irons

Hazard: The power cord can become damaged near the cord bushing, which can lead to overheating of the cord, posing fire and burn hazards. In addition, cord damage near the bushing can result in exposed copper wires, posing a shock hazard.

Remedy: Consumers should immediately stop using the recalled irons and visit the Steamfast or Vornado website to register for the recall and receive a refund or a free replacement iron.

Twin-Star International Infrared Quartz Electric Fireplaces

Hazard: The electric fireplaces can overheat, posing a fire hazard.

Remedy: Consumers should immediately unplug the recalled electric fireplace and contact Twin-Star for a refund of the purchase price. Consumers should complete the online recall registration form at www.twinstarhome.com/recall or call Twin-Star for information on how to take part in this recall.

Best Buy Insignia Pressure Cookers

Hazard: The pressure cooker has incorrect volume markings on the inner pot which can cause consumers to overfill the pot and hot food and liquids to be ejected when the pressure cooker is vented using the quick release method or opened while its contents are pressurized, posing a burn hazard to consumers.

Remedy: Consumers should immediately stop using the recalled pressure cookers and contact Best Buy for a free replacement of the inner pot and floating locking valve for signaling pressure.

Best Buy Insignia Air Fryers and Air Fryer Ovens

Hazard: The air fryers can overheat, causing the handles to melt or break, posing fire and burn hazards. Additionally, the air fryer ovens can overheat and the glass on the door can shatter, posing fire, burn and laceration hazards.

Remedy: Consumers should immediately stop using the recalled Insignia air fryers and air fryer ovens and visit <https://www.recallrtr.com/airfryer> for instructions on how to submit photos of the recalled unit(s), the model number, purchase receipt, and on the destruction of the unit. Best Buy has contacted all known purchasers directly.

Secura Air Fryers

Hazard: A wire connection in the air fryer can overheat, posing fire and burn hazards.

Remedy: Consumers should immediately stop using the recalled air fryers and contact Secura for an Amazon gift card in the amount of \$45 or a free replacement. Secura is contacting all known purchasers.

Empower Power XL Dual Basket Air Fryers

Hazard: The plastic U-Channel connector used to optionally combine the two food baskets inside of the air fryers can break during use, posing a burn hazard.

Remedy: Consumers should immediately stop using the recalled dual basket air fryers and contact Empower Brands to receive a full refund.

Far Success Gevi Countertop Nugget Ice Makers

Hazard: The metal blades of the auger of the ice maker can break, resulting in small pieces of metal going into the ice basket, posing a laceration hazard.

Remedy: Consumers should immediately stop using the Countertop Nugget Ice Makers manufactured before June 1, 2022, and contact Far Success Trading Limited to receive a free replacement. Far Success Trading Limited is notifying all known purchasers directly.

Fortress Safe Biometric Gun Safes

Hazard: The biometric lock on the gun safes can be opened by unauthorized users, posing a serious injury hazard and risk of death.

Remedy: Consumers should immediately stop using the biometric reader in the recalled gun safes, remove the batteries, and contact Fortress to receive a free replacement safe.

Bulldog Biometric Gun Safes

Hazard: The biometric lock on the gun safes can be opened by unauthorized users, posing a serious injury hazard and risk of death.

Remedy: Consumers should immediately stop using the biometric feature of the recalled safe, remove the batteries from the safe, and only use the key when storing firearms. Contact Bulldog to receive a repair kit or free replacement safe for consumers with the Magnum Biometric Pistol Vaults, or a free replacement safe for consumers with the Magnum Biometric Top Load Pistol Vaults.

Machir Biometric Personal Safes

Hazard: The biometric lock on the safes can fail and be opened by unauthorized users, posing a serious injury hazard and risk of death.

Remedy: Consumers should immediately stop using the biometric lock feature, remove the batteries, and only use the key for the recalled safes to store their items until they get the free replacement. Contact Machir to receive instructions on disabling the biometric lock feature and on how to receive a free replacement safe.

Amazon BBRKIN Biometric Gun Safes

Hazard: The biometric lock on the gun safes can be opened by unauthorized users, posing a serious injury hazard and risk of death.

Remedy: Consumers should immediately stop using the biometric feature of the recalled safe, remove the batteries from the safe, and only use the key when storing firearms. Contact BBRKIN to receive a repair kit or to receive a free replacement safe.

Awesafe Biometric Gun Safes

Hazard: The biometric lock on the safes can fail and be opened by unauthorized users, posing a serious injury hazard and risk of death.

Remedy: Consumers should immediately stop using the biometric feature, remove the batteries, and only use the key for the recalled safes to store firearms until they get the free replacement safe. Contact Awesafe to receive instructions on disabling the biometric feature and to receive a free replacement safe.

Trader Joe's Mango Tangerine Scented Candles

Hazard: The candle flame can spread from the wick to the wax causing a larger than expected flame, posing a fire hazard.

Remedy: Consumers should immediately stop using the recalled Mango Tangerine Scented Candles sold in June 2024 and return the candle to any Trader Joe's store for a full cash refund.

Orly Lavender Scented Candles

Hazard: The candle's flames can reach excessive heights and can ignite the bowl, posing fire and burn hazards.

Remedy: Consumers should immediately stop using the recalled lavender scented candle in a round wooden bread bowl, and return the product to any Cracker Barrel Old Country Store location for a full refund.

Focusee Tideway Hair Dryers

Hazard: The handheld hair dryers lack an immersion protection device, posing an electrocution or shock hazard to consumers, if they fall into water when plugged in. The CPSC has determined that hair dryers not equipped with the integral immersion protection present a substantial product hazard.

Remedy: Consumers should immediately unplug and stop using the recalled hair dryers and contact Tideway Shop to receive a free replacement.

StyleCraft Instinct Cordless Hair Clippers

Hazard: The lithium-ion battery in the recalled clippers can overheat, posing fire and burn hazards.

Remedy: Consumers should immediately stop using and charging the recalled clippers, and visit www.stylecraftus.com/recall for instructions to remove the battery and to receive a free battery replacement.

Magnolia Market 3-Wick Glass Candles

Hazard: The recalled Magnolia 3-wick candles were manufactured with the incorrect wax, which can cause excessive flames on the wicks and cause the glass candle containers to break, posing fire and laceration hazards.

Remedy: Consumers should immediately stop using the recalled candles and contact Magnolia for a full refund. Consumers who purchased the candles online will be contacted directly. Magnolia Market is directly contacting all known purchasers.

MM JoyJolt Declan Glass Coffee Mugs

Hazard: The glass mugs can break and crack when filled with hot liquids, posing burn and laceration hazards.

Remedy: Consumers should immediately stop using the recalled coffee glasses and contact MM Products for a full refund.

Nestle USA Metallic Mugs sold with Starbucks Branded Gift Sets

Hazard: If microwaved or filled with extremely hot liquid, the mugs can overheat or break, posing burn and laceration hazards.

Remedy: Consumers should immediately stop using the recalled mugs, and either return them to the place of purchase or contact Nestlé USA for a full refund. Proof of purchase (receipt) is not required to receive a full refund.

Walmart Mainstays Electric Mini Choppers

Hazard: The chopper's blade can operate unexpectedly during assembly or when not enclosed in the container, posing a laceration hazard to consumers.

Remedy: Consumers should immediately stop using the recalled choppers and contact Walmart to receive a full refund. Consumers can bring the chopper to their nearest Walmart store for a refund.

Anker EverFrost Lithium-Ion Battery Powered Coolers

Hazard: The lithium-ion batteries in the Anker EverFrost Coolers can overheat, posing a fire hazard.

Remedy: Consumers should immediately stop using the recalled coolers and contact Anker for a free replacement lithium-ion battery pack.

Char-Broil Digital Electric Smokers

Hazard: The smokers can leak electrical current during use, posing an electric shock hazard.

Remedy: Consumers should immediately stop using the recalled electric smokers and contact Char-Broil for a free repair kit. The repair kit consists of a Ground Fault Circuit Interrupter (“GFCI”) plug (also known as a “pigtail”), a clamshell enclosure to secure the GFCI pigtail, and a cable clamp. Instructions for installing each of these repair kit items will also be provided.

Traeger Grills Flatrock Flat Top Propane Grills

Hazard: The burner control knob can be incorrectly labeled, which can result in the grill being unintentionally left on, posing a fire hazard.

Remedy: Consumers should immediately stop using the recalled Traeger Flatrock Flat Top Grills and contact Traeger for inspection instructions and, if the burner control knobs are incorrectly labeled, consumers will receive a free repair kit.
